The Resolution of Election Disputes, 2nd Edition is the most up-to-date centralized information source for understanding, responding to, and preventing election disputes and irregularities in the U.S.

Written for both legal and lay audiences by Barry H. Weinberg, retired Deputy Chief of the Voting Section of the Civil Rights Division in the U.S, Department of Justice, the 2nd edition of this groundbreaking publication features updates and additional cases that highlight the legal principles that courts in the United States use to resolve election disputes, as well as a new section on substantial compliance.

"This book presents original research into a subject that is vital to the resolution of contested elections. It represents a significant contribution to the field of election administration and I commend it to the careful scrutiny of election administration professionals."

Craig Donsanto, Director of the Election Crimes Branch of the Criminal Division's Public Integrity Section, U.S. Dept. of Justice.

"The major concepts are laid out well, supported by case law and conclusions drawn from it. Basic concepts are clearly stated and the reader can see why the courts continue to make the determinations they do."

Jill Van Buren, CEA. Supervisor of Elections, Benton County, Oregon.
