Q1: There was a news item by the Local Government Minister, Maciu Nalumisa that "they are planning to issue the writ of elections for the municipal council elections in the first quarter of the next financial year. (2025)

Does this mean that implementation of our project proposals should be targeted for the 3rd and 4th quarter of this year, say from September to December?

- *IFES Response: This subaward will include activities related to civic education, which is not related to a specific election, as well as voter education, which is related to the upcoming municipal council elections.*

Therefore, the period of performance for this subaward will be February – December 2024, with civic education activities beginning in February 2024, and voter education activities anticipated to start in May 2024.
