Questions and Answers

January 24, 2025

Q1. Can organizations from District Ghotki Sindh apply for this project?

IFES Response: Yes, an organization from District Ghotki Sindh may apply for this project.

Q2. How many districts can be applied in a technical proposal?

IFES Response: The objective of this subaward will be to work with PDMA Sindh. Therefore, it will largely take place in Karachi, Sindh where PDMA Sindh is based. Work conducted under this subaward involving broader community engagement, such as the implementation of the strategy for the education and training of communities, youth, and teachers on SBDRM and CBDRM in collaboration with select universities, the Higher Education and School Education Department, Sindh, and Girl Guides/Boy Scouts Associations and local communities (#7 in the Scope of Work) may be conducted across the province.

Q3. Is there any specific limitation to scope of work/area/province/district or districts to apply?

IFES Response: This RFA is specifically to work with PDMA Sindh; organizations applying should be comfortable working in Karachi, Sindh and able to conduct the scope of work included within the RFA. Work conducted under this subaward involving broader community engagement, such as the implementation of the strategy for the education and training of communities, youth, and teachers on SBDRM and CBDRM in collaboration with select universities, the Higher Education and School Education Department, Sindh, and Girl Guides/Boy Scouts Associations and local communities (#7 in the Scope of Work) may be conducted across the province.

Q4. The RFA states that "International Organizations" are not eligible for this funding. Could you please clarify what is meant by "international organization" in the context of this call?

IFES Response: Organizations must be locally registered, or a signed letter stating the reason why not must be included as part of the application. The selected organization is subject to IFES' donor approval.
