George W. 

BUSH

FOR PRESIDENT

GEORGE
ALLEN

U.S. SENATE

George W. Bush

a fresh start

"Leave no child behind..."

Governor Bush believes that all children can learn, and no child should be left behind.

Governor Bush will reform the nation's public schools, as he has in Texas – closing the achievement gap, setting high standards, promoting character education, and ensuring school safety. Governor Bush's proposals include increasing local control, giving more flexibility and authority to states, strengthening early learning, and expanding choices for parents and their children.

"Tax cuts with a purpose..."

Governor Bush believes that all taxpayers should be allowed to keep more of their own money. His plan will promote economic growth and increase access to the middle class by cutting high marginal rates. It will also double the child credit, eliminate the death tax, reduce the marriage penalty, and expand Educational Savings Accounts and charitable deductions. **All taxpaying Americans will receive a tax cut under Governor Bush's plan.**

"Keep the promise of Social Security..."

Governor Bush believes Social Security is a defining American promise that must be kept. Governor Bush will honor and strengthen Social Security. He will protect all benefits for today's seniors and ensure that Social Security is available for their grandchildren.

GEORGE ALLEN

FOR U. S. SENATE

George Allen's Champion Schools Agenda

\$1,000 Tax Credit for Educational Expenses

George Allen supports an Education Opportunity Tax Credit which provides working parents with a \$1,000 tax credit per child to help pay for educational expenses other than tuition.

Smaller Class Sizes for Students

The George Allen Champion Schools Agenda begins by creating a "Teachers for America" fund to hire as many as 160,000 new qualified teachers to reduce the size of classrooms – an approach similar to his efforts as Governor.

Early Reading Initiative

George Allen proposes to establish an early reading initiative to identify kindergarten and first grade students who need help with their reading skills and provide them with extra help and individualized assistance.

The George Allen Tax Relief Plan

Full Health Insurance Tax Deduction

George Allen will introduce legislation to allow an immediate 100% deduction for health insurance premiums for all taxpayers.

Eliminate the Marriage Penalty

George Allen will work to fix the marriage tax penalty so young families may begin to build their futures without added, unfair government burdens.

The **A+** George Allen Record

A \$2 Billion Increase in Investment in Our Public Schools

George Allen considers education a top responsibility of government, and no Governor in Virginia history invested more in our public schools than George Allen. Governor Allen increased spending by \$2 billion, the largest increase in Virginia history.

\$1.5 Billion Additional Funds for New School Construction

Governor Allen increased the available funds for school construction by \$1.5 billion, making more funding available than ever before.

High Academic Standards and Accountability

Governor George Allen ended social promotion and made sure that Virginia's children are learning the academic basics of English, Math, Science, and History as well as developing skills in technology.

Class-Size Reduction

Governor George Allen added \$100 million to his predecessor's budget for a class-size reduction initiative to reduce class sizes in grades K-3.

When it comes to improving Virginia's public schools and taxes on working Virginians, Chuck Robb is out of touch with Virginia families.

Examine Chuck Robb's Record:

SUPPORTED A \$22.7 MILLION CUT FROM VIRGINIA'S PUBLIC SCHOOLS

"The House's budget vote was unanimous and...put back all of the \$22.7 million in aid to public schools that Robb wanted to cut..." *The Washington Post* 2/11/83

SUPPORTED A \$53 MILLION CUT FROM SCHOOL CONSTRUCTION

"[Governor Robb] proposed taking \$53 million for a state fund that helps finance school construction and using the money to close the budget gap." *The Washington Post* 1/13/83

FOR A 50¢ PER GALLON GASOLINE TAX HIKE

Chuck Robb personally authored and introduced legislation to impose a 50 cent per gallon increase in the federal gasoline tax (Senate Bill 1068) in the U.S. Senate. His bill would have meant an additional \$1,040 in taxes for the average Virginia family, and not one penny was earmarked for transportation.

FOR HIGHER TAXES ON SENIOR CITIZENS

Chuck Robb voted to impose higher taxes on senior citizens with fixed incomes as low as \$25,000. (CQ Vote #57 3/24/93)

AGAINST A MIDDLE-CLASS TAX CUT

Chuck Robb was one of only eight senators to vote against the middle class tax cut legislation that President Clinton supported and signed into law. (CQ Vote #211: motion agreed to 7/31/97)

Chuck Robb raised taxes on Seniors.
