SERVICES TO HELP SENIOR CITIZENS AND DISABLED PERSONS IN EXERCISING THEIR RIGHT TO VOTE

This pamphlet describes services available to make voting easier for senior citizens and persons with disabilities. If you need more information, please call the Voter Services Office at 727-2525.

VOTER REGISTRATION BY MAIL.

To register to vote in the District, you must be:

- a U.S. citizen;
- a D.C. Resident; and
- at least 18 years old by the next election.

If you wish, the Board of Elections will send a post-age-free voter registration form to your home. Call 727-2525 anytime, day or night, to request a registration form. If you have a TDD device, you may call 639-8916 from 8:30 a.m. to 4:45 p.m. on weekdays.

Assistance in Voting

Each of the District's polling places has a trained Voting Assistance Clerk on staff. This person is available to help senior citizens, disabled persons, or other voters who may have trouble voting. If you wish, you may choose a person other than the Voting Assistance Clerk to help you if you are elderly or have a disability. Call 727-2525, for more information.

OTHER SERVICES *

All polling places in the District have handicapped parking and wheel-chair accessible voting machines. There are also poster-sized sample ballots and voting instructions, as well as magnifying glasses for the vision impaired at all 140 voting locations.

For general information about voting in the District of Columbia, call 727-2525.

REMOVING BARRIERS AT THE POLLS

During the last few years, the Board of Elections has been overseeing a program to build curb cuts and wheelchair ramps at several public buildings that are used as polling places. As a result, most of the polling places in the District meet federal guidelines for accessibility to senior citizens and persons with disabilities.

If you have a question about accessibility to your assigned polling place, call 727-2525, for more information. If your polling place is one of the few that are not accessible, we will make arrangements for you to vote at another, more accessible site.

CURBSIDE VOTING

If you are driven to the polling place, but cannot get inside to the voting room because of age, or disability, you may vote "curbside", from the car.

When notified that someone wishes to vote "curbside", one of the pollworkers will bring a ballot to the car and assist you as needed. We suggest that you call ahead to inform us that you wish to vote "curbside". Call 727-2525 for more information (TDD Device 639-8916).

ABSENTEE VOTING BY MAIL.

If you cannot vote at the polls because of age or physical disability, you may vote by absentee ballot through the mail.

To recieve an absentee ballot, you must send a written request to the Board of Elections. Your request must reach our office at least one week before the election and must include the following information:

- your name and address;
- the address where you would like the ballot to be sent (if different);
- your reason for voting absentee; and

Someone else may write the request for you, but the request must include your own signature or mark. If you wish, we will send you a request form that you can fill out. Just call 727-2525 (TDD device: 639-8916) weekdays, from 8:30 a.m. to 4:45 p.m.

Of those measures which made it onto the ballot, 10 Initiative and 2 Referendum measures were successfully accepted by the voters

The District of Columbia Board of Elections and Ethics Its Roots and Evolution.

1955 - The Board of Elections and Ethics was created by the Congress of the United States and had its first meeting on October 4, 1955.

1956 - In May 1956, the District had its first election - for Democratic and Republican party officials and convention delegates.

1961 - Passage of the 23rd Amendment to the U.S. Constitution granted District residents, *for the FIRST time*, the right to vote for President and Vice-President.

1964 - In November 1964, the District conducted an election which, for the first time, allowed residents to vote for President and Vice-President.

1968 - In April 1968, Congress:

Created an elected Board of Education;
Divided the City into eight Wards; and
Established permanent voter registration.

The Board of Elections and Ethics became a permanent organization.

1971 - In 1971, the first Primary election was held for Delegate to the House of Representatives:

For the first time 18 year-olds could vote; New legislation allowed a Presidential Preference Primary.

- 1994 The District installed a major software upgrade to implement the new "National Voter Registration Act of 1993", a major feature of which was the "Motor Voter" program a process already in place in the District.
- 1995 The Board acquired its second major hardware upgrade with the procurement of a second IBM "RISC 6000" which will be used for ballot tabulation. With two "RISC 6000s" in place, the Board also has mutually supporting hardware systems for voter registration and ballot tabulation.
- **1997** The Board successfully conducted an unprecented three Special Elections in this "no election" year, in April for Ward 6 Council Member, in July for Chairman of the Council, and in December for At-Large Council Member.
- 1998 In an unprecedented move, but one designed to further improve the accuracy of the voter roll, the Board initiated a computer crosscheck of registered voters and election participants, with surrounding jurisdictions. The number of "matches" -- dual registration or double voting-- was considerable and resulted in some removals from the voter roll and some legal action by Maryland and D.C. to consider prosecution of the "double voters".

- **1973** "Home Rule" legislation passed, allowing an elected Mayor and City Council.
- **1974** The first elections were held for Mayor and the City Council. Advisory Neighborhood Commissions were created.
- **1976** First elections were held for Advisory Neighborhood Commissions.
- 1978 "Initiative, Referendum, and Recall Procedures Act" was established giving District voters the chance to file measures with the Board of Elections to place ballot questions before District voters.
- 1979 The Board acquired an on-line voter registration system, punch card voting equipment, and an automated ballot tabulation system, thereby becoming totally independent from the District's Central Computer System and removing any perception of elected official capability to influence activity. The two systems resided in a Data General "Eclipse" mini-computer and use external disk drives, with data entry being performed by terminal operators within the agency. A major drawback of this combination was the inability to access vital voter registration data while in the ballot tabulation mode.
- 1983 To correct error rates in voter registration data, the Board conducted a massive citywide registration revalidation program, and in effect rebuilt the District's entire voter roll.

- **1985** The City Council passed legislation to eliminate "odd-year" elections after 1987. The Board instituted a biennial voter residency canvass to improve voter roll accuracy.
- 1989 The District became one of the early election jurisdictions to develop a combined form for applying for a driving license and registering to vote. "Motor Voter" had arrived in the District.
- 1990 The first election of "U.S. Senators (2) and a Representative" -- local, not Federal offices -- resulted from the "Statehood Constitutional Convention Initiative" of 1980.
- 1991 The Board acquired its first major upgrade to its automated systems. A new IBM "RISC 6000" is used for voter registration, with the Data General "Eclipse" being used only for ballot tabulation. This dual system conforms with new Federal guidelines which recommend that voter registration and ballot tabulation not be on the same hardware systems.
- **1992** The District set all-time voter registration and turnout records in the 1992 Presidental General election with 340,953 registered voters and 231,445 voters participating.

REVIEW OF YOUR SPECIAL BALLOT

Your Special Ballot will be placed in the ballot box in a sealed envelope and received unopened by the Board of Elections and Ethics. The Board will verify the information on the ballot envelope against the official voter registration records and determine whether to count your Special Ballot.

If you are a registered voter of the District and have voted the ballot to which you are entitled in the proper voting precinct, <u>your Special Ballot will be counted.</u>

To find out if the Board has determined to count your ballot, you may call the Board at 727-2525 on the Tuesday following Election Day. The Board will also make available to the public, on the second Wednesday following the election, a list of voters whose special ballots have been rejected. The list will be available at the Board's main office (441 4th St., NW - Room 250), in the main public library and in at least one public library in each ward. You will not receive any other notice that the Board has decided not to count your ballot.

YOUR RIGHT TO APPEAL

If the Board decides not to count your Special Ballot, you have the right to appeal. The Board will hold hearings on the second Thursday and Friday after Election Day, from 9:00 a.m. to 4:45 p.m., at 441 4th Street, N.W., Suite 270. If your ballot is rejected and you decide that you want to appeal, call 727-2194 or 727-2525 to set a time for your appeal.

You may bring a lawyer to the hearing or you may represent yourself. You should bring evidence to show that your ballot should be counted.

If you do not win your appeal, you have three (3) days to appeal the Board's decision to the Superior Court of the District of Columbia.

DISTRICT OF COLUMBIA BOARD OF ELECTIONS AND ETHICS

The Board of Elections and Ethics is conducting voter education and outreach sessions. There is a catendar at the bottom of the screen listing the meeting times and locations. Please feel free to attend any of the meetings in your neighborhood.

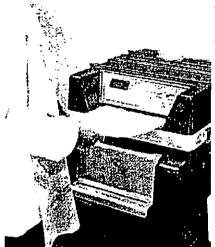

A Precinct Level Optical Scan System

Voters simply place a mark beside the candidate or issue of their choice.

Ballots can be produced in varying sizes to meet the requirements of any election.

The voter inserts the ballot into the Eagle in any orientation and the public counter increments to indicate the vote has been recorded.

ADDITIONAL FEATURES

AUTOMATIC VOTER ASSISTANCE

Ballots which have been over voted, mistakenly marked or mutilated are automatically returned to the voter for review. The system automatically generates a tape printout explaining why the ballot was returned to the voter and what to do with the returned ballot.

WRITE-IN OPTION

Write-in votes are automatically separated from the rest of the ballots. The system monitors to ensure that a voter did not write in for one candidate and vote for another whose name appears on the ballot. Only valid write-in votes are counted.

IMMEDIATE REPORTING CAPABILITY

The OPTECH III-P Eagle greatly increases the overall speed at which election results are generated. Printed results of precinct totals are available immediately after the polls close.

DISTRICT OF COLUMBIA BOARD OF ELECTIONS AND ETHICS

GUIDE TO THE INITIATIVE AND REFERENDUM PROCESS

The process for placing an Initiative or Referendum Measure on the ballot in the District of Columbia has several steps, which are defined in the law. The Board of Elections and Ethics has written this circular to provide you with general information about this process. For a complete account, check D.C. Code Sections 1-281 through 1-286, 1-1320 or Chapter 10 of the Board's Regulations (DCMR Title 3: Elections and Ethics).

If you have further questions, the Board's staff stands ready to assist you. For legal inquiries, please call the Office of the General Counsel at 727-2194; for general information, call the Voter Services Office at 727-2525.

1. Supporters File the Measure with the Board of Elections

The process begins when a registered voter files the proposed Measure in the Board's Voter Services Office. The filing must include five copies of the following:

- The legislative text of the proposed law,
- A short title of 15 words or less to describe the Measure, and
- A "Summary Statement" of 100 words or less, to outline the proposed law for voters.

The proposer must also file a notarized statement swearing that he or she is a registered voter. This statement must include the person's residence address and telephone number. The supporters of the Measure must also file documents with the Office of Campaign Finance, listing their campaign committee and other financial information.

2. The Board of Elections Considers the Subject Matter

Once an Initiative or Referendum is filed, the Board publishes it in the <u>D.C. Register</u> and provides notice of a public meeting to consider whether the subject matter meets the requirements set in the law. Members of the public are invited to submit written testimony on the subject matter and to testify before the Board at the public meeting.

Under the law, an Initiative or Referendum may not appropriate funds, violate the Home Rule Charter, negate a Budget Act, or violate the Human Rights Act. When the Board makes its subject matter determination, it may consider only whether the Measure meets these requirements.

3. The Board Approves a Short Title and Summary Statement

After approving the subject matter, the Board prepares the official Short Title and Summary Statement. The Summary Statement is a statement of 100 words or less that describes the Measure for voters. It appears on both the petition form and the election ballot.

The Short Title and Summary Statement "formulated" by the Board are presented at a public meeting, where both proponents and opponents are invited to comment. The Board's responsibility is to approve language that is clear and impartial, and fairly reflects the contents of the Measure.

4. The Challenge Period Begins

Once approved, the official language is published in the <u>D.C. Register</u>, along with the legislative text. The <u>D.C. Register</u> publication begins a ten day challenge period, during which any registered voter may object to the short title, summary statement, or legislative form in the Superior Court.

5. The Petition Form is Approved

At the end of the challenge period (or once any court challenges are successfully resolved), the Board holds a public meeting to approve the petition form for circulation.

6. Supporters Circulate the Petition

Once the petition is approved, the supporters of an Initiative have 180 days to gather signatures. (Referendum supporters collect their signatures before the end of the Congressional Review Period.) To place a Measure on the ballot, supporters of an Initiative or Referendum must collect the signatures of at least five percent of the voters registered citywide. These signatures must be distributed to reflect at least five percent of the registered voters in at least five of the eight wards.

7. The Board's Staff Verifies Petition Signatures

Once the petition is filed, the Board of Elections has thirty days to determine whether it contains the required number of voter signatures. In the presence of watchers--and according to detailed procedures--the Board's staff checks each name on the petition to determine whether the signer is registered. Once the staff determines that the petition contains the required number of voter entries, a random sample of 100 signatures from each ward is checked against the voter's original registration form to ensure signature validity.

8. The Measure is Certified for the Ballot

At the end of the signature verification phase, the Board calls a public meeting to announces whether the petition meets the citywide and ward-level requirements. If the petition meets the requirements, the Measure is then "certified" for the election ballot. In the case of a Referendum Measure, a special election is called. This election must occur within 114 days of the submission of the petition (except if another citywide election is already scheduled to occur within 54 to 114 days of the petition submission.) An Initiative Measure does not require a special election, and is voted on during the next citywide election at least 90 days after the petition submission. All registered voters--regardless of party affiliation--are eligible to vote on Initiative or Referendum Measures.

DISTRICT OF COLUMBIA BOARD OF ELECTIONS AND ETHICS

WASHINGTON, D.C.

INFORMATION ON THE RECALL OF ELECTED OFFICIALS

In 1979, District residents were granted the right to recall elected officials with the passage of the Initiative, Referendum, and Recall Procedures Act. The Board of Elections and Ethics has published this information sheet to outline the recall process, which has three phases: the signature gathering phase, the petition filing and verification phase, and the election phase. For a complete reading of the laws and regulations concerning the recall of elected officials, see D.C. Code, Section 1-1321 and Chapter 11, "Recall of Elected Officials" (3 DCMR, 1100, et seq.).

THE SIGNATURE GATHERING PHASE

1. The Notice of Intention to Recall - The recall proceedings begin when a registered voter files with the Board of Elections a "Notice of Intention to Recall". This document must state the reasons for the proposed recall and is limited to 200 words. A "Notice of Intention to Recall" for a citywide or ward-level office may not be filed during the first or last 365 days of the official's term. In the case of an ANC recall, the "Notice of Intention to Recall" may not be filed during the first six months or last six months of the Commissioner's term.

The Board serves a copy of the "Notice" to the official, who may file a response of two hundred words or less. The response must be filed within 10 calendar days after the filing of the "Notice of Intention to Recall".

- 2. The Petition Form After the official is given the opportunity to file a response, the proponent may begin to circulate the petition calling for a recall election. The petition by law must include the proponent's notice and the official's response (if any), along with other requirements outlined in the Board's regulations. By law, the recall petition form must be approved by the Board before it can be circulated.
- 3. Signature Requirements The recall petition must be signed by at least 10 percent of the voters registered in the election district which the elected officer represents -- citywide, ward, or ANC. This figure is determined by the published registration totals in effect thirty days before the filing of the "Intention to Recall".

In the case of a citywide recall, the signatures submitted must also meet ward distribution requirements, such that the petition contains signatures of at least 10 percent of the voters in at least five of the city's eight election wards, in addition to meeting the 10 percent requirement citywide.

PETITION FILING AND VERIFICATION PHASE

- 1. Filing of Recall Petition The proponents of a citwide or ward-level recall have a maximum of 180 days to collect the signatures and file the recall petition with the Board, beginning on the date that the elected official submits his or her response to the Intention to Recall. In the case of an ANC recall, the proponents have sixty days.
- 2. Board Determination of the Sufficiency of the Recall Petition The process for verifying the petition signatures is complex and detailed. The Board of Elections must determine whether each person whose name appears on the petition is a properly registered D.C. voter (in the particular election district, if applicable) and then verify a random sample of the signatures on the petition against the signature on file for the voter in the Board's records. Statistical formulas are used during the random sample to ensure, with at least a 95 percent confidence level, that the petition meets the legal requirements. The Board is given thirty days to complete the entire process. Under the law, the proponents of the measure and the elected official may send representatives to watch the petition verification process.

If the number of signatures meets the statutory requirements, the petition is certified by the Board, and a recall election is scheduled.

THE ELECTION PHASE

- 1. Recall Election By law, a special election is scheduled within 114 days after the Board certifies the sufficiency of the recall petition. The purpose of the election is to determine whether to remove the elected official from office. If the number of citizens voting "FOR" the removal of the elected official is greater than the number voting "AGAINST", then the official is removed from office, and the office is filled as provided by law until a subsequent special election may be held to fill the remainder of the official's term.
- 2. Special Election to Fill a Vacancy A special election to fill the remainder of the recalled official's term is held the first Tuesday occurring 114 days after the Board certifies the results of the recall election. In the case of an ANC, the special election to fill the vacancy may be held simultaneous with other, regularly-scheduled ANC special elections.

The official recalled is not prohibited from being a candidate for the same office in the special election.

D.C. Board of Elections and Ethics

FILLING VACANCIES IN ADVISORY NEIGHBORHOOD COMMISSION OFFICES BY APPOINTMENT OF THE ANC

Vacancies in ANC offices are filled by a process that includes two basic steps:

- 1. Interested candidates file nominating petitions with the Board of Elections, and
- 2. The Commission appoints someone or conducts an election to fill the remainder of the term from among the qualified candidates.

This Information Circular explains the ANC vacancy-filling process in general terms. For authoritative references, please consult D.C. Code Section 1-257.

How a Vacancy Occurs

A vacancy in an ANC office may occur for a number of reasons — i.e., the Commissioner dies, resigns, moves out of the SMD, or otherwise loses the qualifications for office.

When a Commissioner Resigns

When a Commissioner resigns, he or she must submit a letter of resignation to the Board of Elections, the Mayor, the Council, and the Chairperson of the affected ANC.

If the Commissioner loses the qualifications to hold office but does not submit a letter of resignation, the Commission must declare the seat vacant. D.C. Code Section 1-257(f)(2), outlines this procedure.

Beginning of the Vacancy-Filling Process

The Board of Elections certifies any ANC vacancies that exist by publishing a notice in the D.C. Register. The Board's notice lists the date

that petitions are available, as well as the filing deadline and the dates for the petition challenge period. (The petition period runs for 21 days beginning on the date that petitions are first made available in the Board's office.)

How to Become an ANC Candidate

Nominating petitions are available in the Board's office in Room 250 of the One Judiciary Square Building. When petitions are picked up, the candidate also receives a list of registered voters in the SMD eligible to sign the petition, as well as other materials.

Candidate Filing Requirements

A candidate must file the following documents with the Board of Elections by the filing deadline:

1. A petition with the signatures of at least 25 duly registered voters registered in the SMD;

- A notarized "Declaration of Candidacy" signed by the candidate; and
- 3. An "Affidavit of the Person Filing the Petition" stating that the petition has the minimum number of signatures.

The Petition Challenge Period

Petitions are available for public inspection and possible challenge in the Board's office, for five working days, beginning on the third day after the filing deadline.

<u>Certification of Nominee(s)</u>

At the end of the challenge period (or after all challenges are resolved), the Board certifies a list of the individuals who qualify for appointment to the Advisory Neighborhood Commission.

Appointment Or Election To Fill The Vacancy

If no qualified candidates file petitions, the Board must recertify the vacancy by publishing notice in the <u>D.C. Register</u> and making petitions available again.

If only one candidate meets the qualifications for appointment, the Commission must appoint that person to fill the vacancy at its next regularly scheduled meeting.

If more than one candidate meets the qualifications, the ANC must give notice at a public meeting that at the next regularly scheduled meeting there shall be an open vote of the registered voters of the affected SMD to elect the new Commissioner. Votes must be counted by at least two impartial vote counters and the results must be read aloud by the Chairperson or his or her designee.

The ANC must send the Board of Elections a copy of any resolution which appoints or elects a candidate to the office of Commissioner. The Board then declares the vacancy filled by publishing notice in the <u>D.C. Register</u>.

Qualifications for Office

To hold the office of ANC Commissioner, a person must meet these requirements:

- Be a registered D.C. voter;
- Live in the SMD from which nominated;
- Have lived in the SMD continuously for the 60 days immediately preceding the day on which the nominating petition is filed; and
- Hold no other elected public office.

DISTRICT OF COLUMBIA BOARD OF ELECTIONS AND ETHICS

Information Circular on Advisory Neighborhood Commissions

What is an ANC?

Called "...a unique experiment in neighborhood democracy" by the League of Women Voters, ANC's were established by the Home Rule Charter in 1973 and approved by voters in the May 7, 1974 Charter Referendum Election. ANC's function as citizen advisory boards, which represent the citizens of a particular neighborhood area. Their role, as defined by the D.C. Election Code, includes advising the District government,

"...on matters of public policy including decisions regarding planning, streets, recreation, social services programs, health, safety, and sanitation in that neighborhood commission area." (D.C. Code, Section 1-251(c)(1)).

The law also states that recommendations made by the ANC " ... shall be given great weight" (D.C. Code, Section 1-261(d)) by government agencies as they deliberate on matters that affect the residents of the ANC area.

ANC Commissioners serve two-year terms as unsalaried, nonpartisan officials elected by voters to represent their neighborhood areas. The structure of these neighborhood areas is discussed below.

Structure of the ANC's

The District's 299 Single Member Districts (SMD's) are smaller geographical and political units within the city's 37 Advisory Neighborhood Commissions. Each SMD contains approximately 2,000 residents and elects one Commissioner to serve on the area's Advisory Neighborhood Commission.

In most cases, the ANC's exist within ward boundaries, and each ANC is numbered to identify the ward where it is located.* For example, ANC's 4A, 4B, 4C, and 4D lie within Ward 4. The SMD's within each ANC are numbered consecutively. For example, SMD's 4AO1, 4AO2, 4AO3, 4AO4, 4AO5, 4AO6, 4AO7, and 4AO8 comprise ANC 4A. Candidates running for a seat on the ANC are elected by the registered voters of the SMD in which the candidate resides.

Only ANC Single Member District 3C01 crosses ward lines, due to adjustments in ward boundaries following the 1980 census.

How to Become an ANC Candidate

To appear on the ballot — either in a scheduled general election or in a special election to fill a vacancy — an ANC candidate must submit a nominating petition with the signatures of 25 registered voters to the D.C. Board of Elections. Voters signing the petition must reside within that ANC Single Member District. Petitions are available through the Board of Elections, at 441 4th Street NW, Room 250. Check the calendar for each election to find out the dates that petitions are available.

All ANC candidates must be registered voters and residents of the Single Member District from which they are elected. In addition, they must have resided in the SMD for at least 60 days before the date on which the nominating petition is filed.

All ANC petition forms are posted for public inspection and possible challenge after they are filed. During the challenge period, any registered voter may challenge the validity of the signatures on the petition form. Check the calendar for each election for the exact dates of the challenge period.

Assistance for ANC Candidates

The Board offers special services to assist ANC candidates, including a brief conference with a member of the Voter Services Staff to answer questions and to outline procedures for circulating and filing a nominating petition. During this conference, the candidate is given a listing of the registered voters in his or her SMD, a map of the ANC/SMD area, and other information materials.

ANC Voting Information

Because ANC's are nonpartisan offices, all registered voters—regardless of party affiliation—are eligible to vote for ANC candidates. The candidate receiving the highest number of votes (not necessarily a majority) in each ANC contest is declared the winner.

For more information about ANC elections, please call 727-2525.

Election Worker Information Sheet

WHERE WILL I WORK?

Polling places are located throughout the city in public and private schools, libraries, recreation centers and churches. You will be assigned to a site near your home, if possible. Sometimes the board will ask you to travel and work within another ward of the District.

DO I NEED TRAINING?

Yes, training is required for all Election workers. Training classes are held prior to each election. Training will be held in <u>March and April</u> for the <u>May Primary election</u>, <u>July and August</u> for the <u>September Primary election</u>, and in <u>October</u> for the <u>November General election</u>. Training notices are sent out one month in advance and offer a flexible schedule.

WHAT HOURS WILL I WORK?

On the Monday, prior to Election Day, all workers are <u>required</u> to meet at their assigned polling place to receive their supplies and set-up their workstations; this usually takes 2 to 3 hours. The exact time will be coordinated by the Precinct Captain and communicated to each worker.

Polling place team members will meet at their assigned precinct Tuesday Election Day at 6:15 a.m. until 9:00 p.m., or until released by the Precinct Captain. This allows 30 minutes at the start of the day to ensure that everything is in readiness for the polls to open at 7:00 a.m. One hour at the end of the day for sealing ballot boxes, disassembling the voting booths and completing the required forms after the polls close at 8:00 p.m.

HOW MUCH WILL I BE PAID?

Election Workers are paid a <u>stipend of \$100</u> for each election; \$90.00 for Polling place set-up and working on Election Day, \$10.00 for attending a pre-election training session.

Note: While performing their official duties at the polls, Election Workers may not engage in political activity or campaign for or against any candidate or measure on the ballot.

D.C. RESIDENTS SHOULD REGISTER NOW FOR FALL ELECTIONS: MAIL-IN VOTER REGISTRATION FORMS ARE AVAILABLE AT PUBLIC LIBRARIES, FIRE HOUSES AND POLICE STATIONS

District of Columbia Board of Elections Director Alice P. Miller reminded residents that August 14th is the voter registration deadline for the September 12th Primary Election. Citizens who are not yet registered to vote may pick up a mail-in voter registration from at any D.C. public library, fire house or police station. The forms are pre-addressed and postage-free. Also, the form is available online at the Board's Web site at www.dcboee.org.

Completed voter registration forms <u>must be postmarked</u> by Monday, August 14th, in order to be valid for the September Primary. August 14th is also the deadline for citizens who are already registered to update their address or party.

Miller further reminded citizens that they must vote at the polling place serving their current residence address. Citizens who have moved since they last voted should call the Board immediately at 727-2525 (TDD: 639-8916).

Voters registered as "independents" or with a minor party are not eligible to vote in the Primary. Only voters registered with the Democratic, Republican, D.C. Statehood Green, or Umoja Parties may vote their party's primary.

To register to vote in the District, a person must be a U.S. citizen, a D.C. resident, and at least 18 years old by the next election. For more information, the public may call 727-2525 (TDD: 639-8916) or visit the Board's Web site at www.dcboee.org.

Absentee Voting Procedures Announced For D.C. Voters

Elections Board Director Alice P. Miller today announced the absentee voting procedures for

D.C. voters who cannot make it to the polls during the September 12th Primary Election,

because of physical limitations or out-of-town travel. Registered voters in the Democratic,

Republican, D.C. Statehood Green, and Umoja parties may cast an absentee ballot either in

person or by mail.

Absentee Voting by Mail - Under D.C. law, voters wishing to have a ballot mailed to them must

send a written request to the Board of Elections. This request must reach the Board by

September 5th and must include the following information: voter's name and address, mailing

address (if different), reason for voting absentee, and signature. An absentee ballot request

form can be downloaded from the Board's Web site at www.dcboee.org.

Absentee Voting in Person - Voters may cast an absentee ballot in person in the Voter

Services Office located in Room 250 at 441 Fourth Street N.W., directly above the Judiciary

Square Metro stop. The period for in-person absentee voting begins Monday, August 28th, and

runs through Monday, September 11th. Office hours for absentee voting are from 8:30 a.m. to

4:45 p.m. Monday through Saturday.

For more information about the upcoming primary, the public may call 727-2525 (TDD: 639-

INTRODUCTION

The Board of Elections and Ethics is pleased to provide "Election Year 2000 -- "A Guide to Ballot Access in the District of Columbia". This "Guide" has been updated since 1998 to include important dates and deadlines for the year 2000.

Since the publication of the last issue of this guide, the Board and the Office of Campaign Finance have implemented several initiatives. The Board has initiated the use of the United States Postal Services' National Change of Address program to augment its voter list maintenance programs. The implementation of this program will assist the Board with its overall mission of maintaining an accurate voter roll.

Also, the Board is currently exploring ways to enhance its current on-line voter registration and punch card voting/ballot tabulation systems. Enhancing the current voting system could drastically reduce the time required to produce accurate election results. The Board is ever mindful of the need to maintain the integrity of the full electoral process in any enhancements to its voting and ballot systems as it fulfills its mission on behalf of the District's electorate.

The Board's Office of Campaign Finance has upgraded its information technology system to provide greater public access to public disclosure. The information technology system consists of the OCF information database and applications designed to input, track, and monitor data, and to generate customized reports of that data. At the present time, the Office of Campaign Finance's data can be easily searched and sorted to retrieve information across periods of time through query screens concerning non-filers, contributions, and expenditures.

Additionally, the Board's website continues to be a vital source of valuable information for the public. Information on the Board of Elections and Ethics and the Office of Campaign Finance can be found at the Board's website. The Board's website address is http://www.dcboee.org.

The Board looks forward to continuing to serve the needs of the citizens of the District and the smooth administration of each election scheduled to be conducted in the year 2000.

Candidate Qualification

The process of qualification of candidates for the ballot is administered by the Board's Voter Services Branch under the direction of the Registrar of Voters. If you have any questions concerning the candidate qualification process, or any aspect of the District's electoral process, call the Board of Elections at (202) 727-2525.

The Board and its staff stand ready to provide any assistance we can--to the candidates and citizens of the District of Columbia--during the Year 2000 Election Cycle. We hope you find this guide both useful and informative while preparing yourself for a position on the election ballot in the District of Columbia.

GETTING YOUR NAME ON THE BALLOT

This section may assist you in the circulation and filing of nominating petitions and other documents required to establish your candidacy. This information applies to all candidates regardless of the office sought. Please read this section carefully and familiarize yourself with the information it contains.

Petition signature requirements and calendars of important dates and deadlines for the various offices appear in this guide. If you are interested in all election-related dates and deadlines for a particular election, please ask the Voter Services staff for an "Official Election Calendar" for that election.

1. THE NOMINATING PETITION

The filing of a nominating petition containing the signatures of registered voters is the only way a candidate can get his or her name printed on the ballot in the District of Columbia. The number of signatures required varies by the type of office and the political party registration. Please refer to the the Primary and General Election sections of this guide for specific details and signature requirements.

2. DECLARATION OF CANDIDACY

The "Declaration of Candidacy" is the most important document that any candidate files. <u>It must be signed by the candidate</u>. While petitions and other forms may be completed by campaign supporters, the "Declaration of Candidacy" must bear the signature of the candidate. It is through the filing of the "Declaration of Candidacy" that an individual informs the Board that he or she is actually a candidate in the election.

The "Declaration of Candidacy" must also be notarized. If you choose, A member of the Board's staff may notarize your "Declaration of Candidacy", however, please arrive at the Board's office with the form completed except for your signature. You must then sign the document in the presence of the Board's staff.

A "Declaration of Candidacy" must be filed by not later than the deadline for filing petition signatures and MUST BE NOTARIZED.

3. AFFIDAVIT OF THE PERSON FILING THE PETITION

The person filing the petition must file an AFFIDAVIT OF THE PERSON FILING THE PETITION attesting that, to the best of that person's knowledge and belief, the petition contains the required number of signatures.

The affidavit is filed by the person making the initial submission of petition pages. The *initial* submission must contain the minimum number of signatures needed to qualify. After the initial submission is made supplemental petition pages containing any number of signatures may be filed any time up until the filing deadline.

The following information must appear on each petition page BEFORE the Board will release the petition forms for circulation:

- (1) The candidate's name and address.
- (2) The ward or single member district of the candidate, if applicable.
- (3) The political party of the candidate, if applicable.

If you find that you need more petition forms, please call ahead so that the Board's staff can prepare them in advance.

WRITE-IN CANDIDATES

Write-in candidates must meet the same qualifications as candidates whose names appear on the ballot. Individuals who wish to become write-in candidates must certify their candidacy by filing a "Declaration of Candidacy" with the Board not later than 4:45 p.m. on the third day following the primary election and not later than seven days following the general election.

The "Declaration of Candidacy" may be obtained from the Voter Services Office. Below is a set of guidelines each petition circulator should know before he or she begins to circulate a petition page. If you would like copies of this information to give to your circulators, please ask any member of the Voter Services staff.

PETITION CIRCULATION GUIDELINES

The Circulator of the Nominating Petition

- 4. The Circulator of the petition must:
 - Be a registered qualified elector in the District of Columbia.
 - Have personally witnessed the signing of each signature thereon; and
 - WATCH EACH VOTER SIGN HIS OR HER NAME TO THE PETITION PAGE. This is essential because the circulator must sign an affidavit that he or she personally witnessed each voter signature.

The Signers of the Nominating Petition

- 1. Each person signing a petition must already be a duly registered voter in the District at the time he or she signs the petition. The signature of a voter who fills out a Voter Registration Application at the time the petition is signed will not count as valid.
- 2. The address at which the signer is registered to vote and the date signed must be entered on the petition form in order for the signature to be counted. If the signer fails to enter his or her own registration address and date signed, the circulator may enter this information on the petition.
- 3. A registered voter signing a nominating petition should print his or her name and the address from which registered to vote next to the signature. The voter must also SIGN his or her NAME LEGIBLY.
- 4. Signatures must be written--not printed--and must be dated when signed in order to be counted as valid.
- 5. If the candidate is seeking nomination in a Primary Election, the signers must be registered in the same party as the candidate.
- 6. If a candidate is seeking nomination from a ward, the signer must live and be registered to vote in the same ward as the candidate.
- 7. If the candidate is seeking nomination from a Single Member District (SMD), the signers must be registered to vote in the same SMD.
- 8. A person may not sign a petition for another individual.
- 9. A person must sign the petition using the name under which he or she is registered to vote. Failure to do so could invalidate the signature.

- 10. Voters unable to sign the petition may make their mark in the space for signature. The signature will not be counted unless the person witnessing the mark attaches to the petition an affidavit attesting that he or she explained the contents of the petition to the signer and saw the signer "mark" the petition.
- 11. A voter may sign the nominating petition of more than one candidate seeking nomination for the same office. However, a voter may not sign the petition for an individual candidate more than once.

TIPS ON FILING

- ✓ ARRIVE AT THE BOARD'S OFFICE PREPARED TO FILE.
- ✓ Before the nominating petition is filed, you must assemble and serially number all the sheets which comprise the petition. The Board may reject any petition which does not meet this requirement.
- ✓ Make sure the "Affidavit of Circulator" on each petition page is completed and signed by the circulator.
- Make sure that you have your "Declaration of Candidacy" completed and notarized. If you intend to have a member of the Board's staff notarize the "Declaration", arrive at the office with the "Declaration" complete except for the signature. The Declaration must be signed by the candidate. It may not be signed by anyone else.
- ✓ Make sure you have the "Affidavit of Person Filing the Petition" completed and notarized. If you plan for a member of the Board's staff to notarize the "Affidavit", arrive at the office with the "Affidavit" complete except for the signature.
- ✓ While not required, filing the minimum number of signatures before the last day can be very helpful. If a document is missing or an error made, there is still time to file the missing document or to correct the error before the deadline. Remember, you can always file supplemental petition sheets up until the deadline once you have made the initial filing with the minimum signature requirement.
- ✓ Petitions must meet all the requirements of the law. The Board may reject any petition that does not conform to D.C. Code Section 1-1301 et seq., as amended, and the regulations of the D.C. Board of Elections and Ethics. We strongly urge you to review your petition before filing.

The list of registered voters is available for public use in the Board's office and at various public libraries.

The lists are also available for sale through D.C. SHARE.

D.C. Share order forms are available in the Voter Services Office or may be downloaded from the Board's website at www.dcboee.org.

Determination of "Preliminarily Qualified Candidates

No later than the third working day after the filing deadline, the Board makes its preliminary determination as to which candidates have met the minimum qualifications for ballot access. The Board notifies the candidates, by certified mail and by first-class mail, to inform them whether they have met the minimum requirements.

Under D.C. law, the Board of Elections and Ethics does not verify candidate nominating petition signatures for accuracy of information. In its preliminary evaluation, the Board will reject a candidate's petition for any one of the following reasons:

- (1) The petition on its face, does not contain the minimum number of signatures.
- (2) The petition contains pages that do not have a completed "Affidavit of Circulator", and the total number of signatures rejected as a result of the incomplete "Affidavit" on those pages brings the candidate's petition below the minimum number of required signatures.
- (3) There has not been a notarized "Declaration of Candidacy" filed by a candidate, or the candidate does not meet the legal qualifications to hold the office.

CHALLENGE PERIOD

Beginning the third day after filing, for a period of 10 days, the Board will post for public inspection photocopies of the candidates' petitions. During the challenge period, any registered voter may review the petition copies. If a registered voter believes that a candidate does not meet the minimum requirements, the registered voter may file a "Challenge" detailing the defects in the petition.

The filing of a "Challenge" sets in motion the process by which a legal determination is made as to whether the candidate has, in fact, met the minimum requirements to have his/her name placed on the ballot. This process is outlined in Chapter 4 of the Board's Regulations (3 DCMR).

The District holds its only Spring primary on the first Tuesday in May of each presidential election year. This election is different from all other D.C. elections becasue the major parties play a direct role in deciding which offices will be on the ballot and how the ballot will be structured.

By law, the Board of Elections and Ethics conducts the elections for the party offices at the request of the parties. Each party files with the Board an OFFICIAL PARTY PLAN for the election, instructing the Board which offices will appear on the ballot, the number of positions to be filled, and other particulars.

Because each party submits its own separate plan for the election, the party ballots can be very different. The information on the following pages provides the specifics of each of the party's plans.

The only <u>public office</u> on the ballot in the May Primary will be the Delegate to the House of Representatives. All major parties are eligible to conduct a primary to nominate candidates for Delegate to the House of Representatives.

The other offices on the ballot will be Democratic and Republican party offices as specified in the party plans. The parties have decided that the elections for the following will appear on the May 2, 2000 Primary ballot:

- ➤ Presidential Preference (Democratic and Republican)
- National Committeeman and Committeewoman (Democratic and Republican)
- ➤ Alternate National Committeeman and Committeewoman
- ➤ (Democratic and Republican)
- At-Large Members of Local Party Committees (Democratic, Republican and Umoja Parties)
- Ward Members of Local Party Committees (Democratic, Republican and Umoja Parties)

The May 2nd Presidential Primary is a <u>closed</u> primary election. Only voters registered in the Democratic, Republican, Umoja, and D.C. Statehood Green Parties may vote in their party's primary.

NOTE:

A calendar of important events for the offices on the May Primary ballot appears at the end of this guide. For a complete list of dates and deadlines, please refer to the Board's Official Election Calendar for the May 2nd Presidential Preference Primary.

▲ Presidential Preference -- Registered Republicans will vote for the candidate they prefer to receive the Republican's Party's nomination for President.

Delegates and alternates to the Republican National Convention are selected by the presidential candidate. The names of the delegates and alternates committed to each of the presidential candidates will be listed on a separate reference sheet, to be distributed with the ballots, for the information of the voters.

All 14 delegates and 14 alternates to the Republican National Convention go to the presidential candidate receiving the highest number of votes in the preference primary.

- **D.C.** Delegate to the House of Representatives -- Republicans vote for their party's nominee for this office. The winner will appear on the November 7th General Election ballot.
- ▲ Republican National Committee -- Republicans will elect 80 members of the party committee as follows:
 - 48 At-Large Members, who are elected citywide
 - 32 Ward Members, who are elected by registered Republican in each ward. The number of seats in each ward is divided as follows:

Ward Six -- 3 Members
Ward Six -- 3 Members
Ward Sevens -- 2 Members
Ward Four -- 2 Members
Ward Eight -- 1 Member

SLATES IN THE MAY 2ND PRIMARY

Slates are unique to the May Primary ballot. They are are identified by a slate name on the ballot only in the elections for national and local party committees.

Formation of Slates:

Slates are formed when two or more individuals agree to form a slate and adopt a slate name.

Ballot Access:

There are several ways for slates to gain access to the ballot:

- Two (2) or more individual candidates may qualify by filing separate nominating petitions. They then file a completed "Slate Registration Form" within three days (3) days after the filing deadline (no later than Monday, February 28, 2000).
- A group of candidates may qualify by filing a single nominating petition. Because these candidates circulate their petition as a group, permission must be received from each of the candidates whose name is placed on the petition. In order for the entire group of candidates to qualify, each of the candidates must file a "Declaration of Candidacy" and sign the "Slate Registration Form"
- A combination of individual candidates and groups of candidates may qualify by filing separate nominating petitions. These groups and individuals then file a slate registration form within three (3) days after the filing deadline (no later than Monday, February 28, 2000).

All slates must file a "Slate Registration Form", which is available from the Board, by no later than February 28, 2000. The Slate Registration Form requires the following information:

- 1. The name, address, telephone number and signature of the individual who is authorized to represent the slate of candidates in matters before the Board;
- 2. A complete listing of candidates who are members of the slate and the office to which each candidate seeks election;
- 3. A statement that each candidate gives his or her permission to be identified on the ballot as a member of the slate.
- 4. The slate name. The slate name must be printed on the ballot next to each of the candidate's names. Try to avoid long slate name in order to ensure that all the information is able to fit on the ballot.

SLATES IN THE MAY 2ND PRIMARY

5. The signature and printed name of each of the candidates who are members of the slate.

When the Board conducts the ballot lottery, the candidates on a slate are grouped together. In other words, ballot position is determined for the slate as a whole. The Board will determine the order of candidates within the slate unless the slate has notified the Board, in writing, by noon of the day of the drawing, its determination of the order of candidates within the slate.

SEPTEMBER 12, 2000 PRIMARY ELECTION

The District of Columbia holds the primary elections every two (2) years in order for the major parties in the District to nominate their candidates for the local partisan offices on the ballot in the General Election.

To qualify to conduct a primary, a party must have had one (1) of its candidates seeking election to the offices Delegate, Mayor, Chairman of the Council or Member of the Council receive at least 7,500 votes in the previous general election. The parties that currently have met the 7,500 vote requirement are the *DEMOCRATIC*, *REPUBLICAN*, *D.C. STATEHOOD GREEN*, and *UMOJA* Parties. Political parties that have not met the requirement may nominate candidates through the "Direct Access" petitioning process. (See the "General Election" section of this guide for details.)

The offices of Member of the Board of Education and Advisory Neighborhood Commissioner are nonpartisan. There is no primary for these offices. For information on these offices, please refer to the General Election and Advisory Neighborhood Commission sections of this guide.

Because the District has a closed primary system, only individuals registered in the Democratic, Republican, D.C. Statehood Green, and Umoja Parties will be permitted to vote their party's ballot in the September 12, 2000 Primary.

A list of the offices for which the *Democratic, Republican, D.C. Statehood Green and Umoja Parties* will each nominate one (1) candidate in the primary is included on the following page along with signature requirements.

NOVEMBER 7, 2000 PRESIDENTIAL GENERAL ELECTION

THE ELECTION OF PRESIDENT AND VICE-PRESIDENT OF THE UNITED STATES

Background

The District of Columbia holds the election for President and Vice-President of the United States every four (4) years. Even though the names of the candidates for President and Vice President are printed on the election ballot, voters do not vote directly for those candidates. Their votes are actually cast for "electors", who pledge to vote for the voters' choice of candidates in the "Electoral College".

The rules for election of President and Vice-President are found in Article 2 of the U.S. Constitution. Article 2 provides that each state is entitled to electors equal in number to the number of Senators and Representatives which the state is entitled to have in Congress. For example, a state that has eight U.S. Representatives and two Senators is entitled to a total of 10 electors.

In 1963, the 23rd amendment became part of the U.S. Constitution. This amendment permits the District of Columbia to be treated as if it were a state in the election for President and Vice-President. If the District were a state, it would have one U.S. Representative and two U.S. Senators; therefore, the District is entitled to three electors. District residents first voted for President and Vice-President in 1964. In the District, as well as in all but two of the states, the candidate for President receiving the highest number of votes receives all of the District's electoral votes.

Election of President by the Electors

On the first Monday after the second Wednesday of December in the presidential election years (December 18th in the year 2000), the electors of the 50 states and the District of Columbia meet in their respective state capitals to cast their votes. After the votes are cast, the sealed ballots are sent to the President of the U.S. Senate. In January of the year 2001, the President of U.S. Senate will open the sealed ballots and read them before a joint meeting of Congress. The candidates for President and Vice-President receiving the majority of the electoral votes win the election.

Nomination of Electors in the District

Section 2 of the U.S. Constitution leaves the manner of selecting electors up to the individual states.

NOVEMBER 7, 2000 PRESIDENTIAL GENERAL ELECTION

The executive committee of the major political parties who have conducted a Presidential Primary Election in the District selects the party's candidates for elector and submits the names to the Board of Elections and Ethics by September 1st of the presidential election year.

Independent and minor party candidates for U.S. President must petition to nominate their electors. Information concerning the process is in the ballot access section of this guide.

Independent and Minor Party Candidates

Independent and minor party candidates for President and Vice-President may have their names printed on the General Election ballot through the nomination of electors. Each Elector of President and Vice-President must meet the following qualifications:

- 1. He or she must be a registered voter in the District of Columbia; and
- 2. He or she must have been a bona fide resident of the District of Columbia for a period of three (3) years preceding the date of the presidential election.

Each person elected as Elector of President and Vice-President of the United States shall, in the presence of the Board of Elections and Ethics, take an oath or solemnly affirm that he or she will vote for the candidates of the party that he or she has been nominated to represent, and it shall be his or her duty to vote in such a manner in the electoral college.

Petition forms must nominate not fewer than three (3) candidates for electors, may be obtained beginning on <u>Monday</u>, <u>June 26</u>, <u>2000</u>, and must be filed by <u>Tuesday</u>, <u>August 15</u>, <u>2000</u>.

The petition must be accompanied by an affidavit signed personally by the presidential and vice-presidential candidate and must contain the following.

- 1. Names of the three (3) presidential electors supported by the petition.
- 2. Written consent, by the presidential and vice-presidential candidates, to each presidential elector listed on the petition as being pledged to them; and
- 3. If the candidate for president is a nominee of a minor party, a statement that the presidential and vice-presidential candidates are the duly selected nominees of the party.

NOVEMBER 7, 2000 PRESIDENTIAL GENERAL ELECTION

The General Election ballot includes candidates for partisan and non-partisan public offices. Candidates for partisan offices appear with their political party (or "Independent") next to their names on the ballot, while candidates for non-partisan offices appear without a party designation.

Candidates on the ballot for partisan offices include those nominated by the major parties in the September 12th Primary along with Independent and Minor Party candidates.

INDEPENDENTS AND MINOR PARTIES

The D.C. Election Code permits the names of "Independent" candidates (candidates not affiliated with a political party) and candidates affiliated with minor political parties, (those have not met the 7,500 vote requirement for conducting a primary), to be placed on the general election ballot along with the candidates nominated through the primary process. Independent and minor party candidates bypass the primary election and are nominated directly to the general election ballot. The process of direct access for independent and minor party candidates is exactly the same except for (3) additional provisions for minor party candidates:

- 1. The candidate for the minor party must be registered to vote as affiliated with that party on the Board's record.
- 3. In order for the name of the political party to be placed on the candidate's nominating petition before circulation begins, the Board of Elections and Ethics must have first approved the party name.
- 3. In order for the name of the political party to be placed next to the name of the candidate on the ballot, the name of the political party must be placed on the petition before circulation begins.

Any registered voter, regardless of party affiliation may sign an independent or minor party candidate's petition.

Approval of Party Names

Generally, the Board approves party names at its regular monthly meetings. Therefore, a new party that wishes to begin circulation of petitions at the beginning of the petition period should submit the request for approval of the party no later than *May 15, 2000*. The Board will reject any party name that tends to confuse or mislead the public.

ADVISORY NEIGHBORHOOD COMMISSION ELECTIONS

An ADVISORY NEIGHBORHOOD COMMISSION (ANC) is an area of the city sub-divided into smaller areas (with populations of approximately 2,000 residents) called SINGLE MEMBER DISTRICTS (SMDs). There are 299 single member districts and 37 Advisory Neighborhood Commissions. Commissions range in size from 2 single-member districts to 14 single-member districts depending on the size of the neighborhood. The term for an ANC Commissioner is two (2) years. The office is non-partisan.

Each ANC Commissioner is nominated and elected by the registered voters who reside in the same single-member districts as the candidate. The ANC Commissioner is an unsalaried official who represents his or her neighborhood community (single-member district) on the Advisory Neighborhood Commission. The Commission may advise the District Government on matters of public policy including decisions regarding planning, streets, recreation, social service programs, health, police protection, and sanitation in their neighborhood area [D.C. Code Section 1-251(C)(1)].

The Board provides a variety of materials, including a map of the single-member district and a list of registered voters, to make it as easy as possible for ANC candidates to have their names placed on the ballot. Please call our Voter Services Office for details.

Write-In Candidates for Advisory Neighborhood Commissioner

Write-in candidates for the Office of Advisory Neighborhood Commissioner must meet the qualifications as candidates whose names appear on the ballot [(D.C. Code Section 1-1312 (r) (3)]. Individuals who wish to become write-in candidates must certify their candidacy by filing a "Declaration of Candidacy" with the Board not later than 4:45 p.m. on November 14, 2000.

The "Declaration of Candidacy" may be obtained from the Voter Services Office.

ABSENTEE VOTING

Registered voters who cannot make it to the polls on Election Day because of illness, physical disability, or travel may vote by absentee ballot.

There are two (2) ways for District voters to cast an absentee ballots.

- ① Vote in-person at the Board's office, or
- ② Cast an absentee ballot by mail.

In-person Absentee Voting

Absentee voting in person begins fifteen (15) days before any election and ends the day before Election Day. In-person absentee voting is conducted at the Board of Elections' Voter Services Office. The hours are 8:30 a.m. to 4:45 p.m., Monday through Saturday.

By-Mail Absentee Voting

Requests for mail absentee ballots must be in writing and must reach the Board's office no later than the seventh day before the election (the Tuesday before Election Day).

Mail absentee ballot requests must include the following information in order to be processed:

- ✓ Name of the voter
- ✓ Address on the voter's registration
- ✓ Address to which the ballot is to be mailed (if different)
- ✓ Reason for requesting the absentee ballot (illness, disability, travel, etc.)
 - ✓ Signature of the voter

To be counted, the voted absentee ballot must be postmarked by Election Day and must reach the Board of Elections no later than the tenth (10th) day after the election.

Requesting an absentee ballot is the responsibility of the registered voter. One individual may not request an absentee ballot for another. However, voters may request absentee ballots for more than one election in any calendar year. This is especially convenient for students, the elderly and the handicapped.

Signatures on absentee requests and returned ballots are verified against the voters' signatures on file in the Board's records.

Requesting an Absentee Ballot by Facsimile

Requests for absentee ballots may be electronically transmitted (faxed) to the Board at (202) 347-2648. An electronically transmitted (faxed) request must contain the voter's same information as mailed applications (outlined on the previous page) and must include the signature of the voter.

Requests sent by facsimile must reach the Board not earlier than three (3) days preceding the deadline for submitting requests for absentee ballots by mail.

Note: The Board appreciates campaigns informing voters of the opportunity to vote absentee if they are going to be out of town or are elderly, ill or disabled. We encourage campaigns to reproduce our "Absentee Ballot Request Form" in their campaign mailings. Absentee voting provides a convenient way for voters who can't make it to the polls on election day to exercise their right to vote.

Emergency Absentee Ballots

If an accident or sudden onset of an illness occurs after the deadline for requesting an absentee ballot by mail has passed and the voter cannot appear at the polls on Election Day, the voter may request an Emergency Absentee Ballot.

Note: The emergency absentee ballot may not be used if the voter simply failed to write for an absentee ballot before the deadline. It may be used only by those individuals whose accident or onset of illness occurred after the deadline for requesting an absentee ballot by mail.

For details on the emergency absentee voting process, call the Board's Voter Services Office at 727-2525.

INITIATIVE PROCESS

The registered voters of the District of Columbia may propose laws by placing an initiative measure on the ballot. The process for placing an initiative measure on the ballot in the District of Columbia has several steps, which are defined by law. Below is a general outline of the process. However, for a complete account, check D.C. Code §§1-281 through 1-286, 1-1320 and Chapter 10 of the Board's regulations (DCMR Title 3: Elections and Ethics).

1. Supporters File the Measure with the Board of Elections

The process begins when a registered voter files the proposed measure in the Board's Voter Services Office. The filing must include five copies of the following:

- The legislative text of the proposed law;
- A short title of 15 words or less to describe the measure; and
- A "summary statement" of 100 words or less, to outline the proposed law for the voters.

The proposer must also file an affidavit swearing that he or she is a registered voter. This statement must include the person's residence address and telephone number. The proposers of the Measure must also file documents with the Office of Campaign Finance listing their campaign committee and other financial information. The Office of Campaign Finance is located at 2000 - 14th Street, NW, Reeves Center, 202-671-0550.

2. The Board of Elections Considers the Subject Matter

Once the initiative measure is filed, the Board publishes it in the <u>D.C. Register</u> and provides notice of a public meeting to consider whether the subject matter meets the requirements set in the law. The public is invited to submit written testimony on the subject matter and to testify before the Board at the public meeting.

When the Board meets to make the determination as to whether to approve the subject matter as appropriate, it must consider whether the initiative measure violates the Home Rule Charter, negates a Budget Act, appropriates funds, or violates the Human Rights Act. It may only consider whether the measure conflicts with these requirements.

3. The Board Approves a Short Title and Summary Statement

After approving the subject matter, the Board prepares the "official" short title and summary statement. The short title of 15 words or less and the summary statement of 100 words or less describe the measure for voters. They appear on both the petition form and the election ballot.

The short title and summary statement formulated by the Board are presented at a public meeting, where both the proponents and opponents are invited to comment. The Board's responsibility is to approve language that is clear and impartial, and fairly reflects the contents of the measure.

For legal inquiries, please call the Office of the General Counsel at 727-2194.

The Challenge Period Begins

Once approved, the official language is published in the <u>D.C. Register</u>, along with the legislative text. The <u>D.C. Register</u> publication begins a ten day challenge period, during which any registered voter may object to the short title, summary statement, or legislative form in the Superior Court.

4. The Petition Form is Approved

At the end of the challenge period (or once any court challenges are resolved), the Board prepares the petition form making sure that it meets certain legal requirements before being circulated to the voters. The petition form is issued to the proponent at a public meeting, where the proponent adopts the petition as his/her own.

5. Supporters Circulate the Petition

Once the petition form is adopted and approved, the supporters of an initiative measure have 180 days to gather signatures. To place a measure on the ballot, supporters must collect the signatures of at least 5% of the voters registered citywide. These signatures must be distributed to reflect at least five percent of the registered voters in at least five of the eight wards.

6. The Board's Staff Verifies the Petition Signature

Once the petition is filed, the Board of Elections and Ethics has 30 days to determine whether it contains the required number of signatures. In the presence of watchers – and according to detailed procedures – the Board checks each name on the petition to determine whether the signer is registered. Once a determination is made that the petition contains the required number of voters' names and addresses, a random sample of 100 signatures from each ward is checked against the voters' original registration forms to ensure the validity of the signatures.

7. The Measure is Certified for the Ballot

At the end of the signature verification phase, the Board convenes a public meeting to announce whether the petition meets the citywide and ward-level requirements. If the petition meets the minumum requirements, the measure is "certified" for the election ballot. An initiative measure is placed on the ballot at the next citywide election that occurs at least 90 days after the Board's certification. All registered voters — regardless of party affiliation — are eligible to vote on an initiative measure.

BOARD PETITION CERTIFICATION DEADLINES

In order for an initiative measure to appear on either the May 2, 2000 Primary Election ballot, the September 12, 2000 Primary Election ballot or the November 7th General Election ballot the Board must receive the petition by the following dates:

May 2nd Pres. Primary Election Monday, January 3, 2000

September 12th Primary Election Monday, May 15, 2000

November 7th General Election Monday, July 10, 2000

WATCHERS

At the Polling Place

D.C. law and the Board's regulations permit each candidate to have "Poll Watchers" in each polling place where his or her name appears on Election Day.

Candidates must petition the Board for poll watchers at least 14 days before the election. Forms for petitioning the Board are available from the Voter Services Office.

Each candidate whose name appears on the ballot citywide may have a poll watcher in each precinct. An ANC candidate is entitled to a poll watcher only in the precinct, or precincts where his or her name appears.

The Board issues each candidate who qualifies for watchers a "watcher badge" for each precinct. The candidate distributes the badges to his or her poll watchers. Poll watchers may then be substituted by the candidate at any time during the day. These "shift changes" must be reported to the Board's Precinct Captain.

Poll watchers must conduct themselves in accordance with the Board's guidelines as outlined on the following page. If a poll watcher becomes disruptive, fails to follow the Precinct Captain's instructions, obstructs the election process, or interferes with polling place officials, he or she may be removed. The candidate will be informed of the removal and will be permitted to replace the poll watcher.

At the Counting Center

Because of the large number of candidates and the limitations of space in the Board's counting center, watchers representing candidates are not permitted within the counting center itself. Representatives from the Democratic, Republican, D.C. Statehood Green, and Umoja Parties, and members of the non-partisan League of Women Voters are invited to watch the count from inside the counting center.

Candidates, their representatives, and the public may watch the count on "closed circuit" television monitors. The closed circuit cameras provide a complete and unobstructed view of the entire counting process from the arrival of the ballot boxes to the counting of the ballots by the computer. Board staff is available to answer any questions concerning the process. In addition, the entire counting process is recorded on video tape.

GUIDELINES FOR WATCHERS

Watchers must:

- * Sign in and out on the Watcher Roster
- * Wear a badge issued by the Board with the name of the Candidate and the Watcher's Name.
- * Remain in a designated area within the polling place.
- * Share the computer listing provided by the Board.

Watchers may:

- Shake the ballot box before it is put into use.
- Check the small voter cards.
- Exchange badges, but there must be no more than one (1) watcher for each candidate in attendance at any time except:

When a watcher supervisor is checking progress:
and/or
When there is a "shift change".

Watcher may not:

- Touch any precinct material, except the computer listing or the voter cards.
- ☑ Interfere with polling place officials.
- Wear campaign buttons or other campaign items.
- ☑ Obstruct the election process.
- Talk to voters casting ballots.

COMPUTER DATA SERVICES

The District of Columbia's voter roll contains a wide range of information about the city's approximately 300,000+ registered voters, including residence address, election district, age information, and voting history. Under the law, data from the voter registry is considered public information.

Voter Information and Data Services:

As a service to the public, this data is available in a variety of media-printouts, mailing labels, and computer tapes--for a minimal cost to the purchaser. This data can also be individualized to meet a wide range of informational needs--making it particularly helpful to candidates.

How This Service Works:

At the beginning of each month, the Board of Elections sends a current tape of the voter registration roll to the SHARE Computer Center, which is the District's central computer processing facility. Orders for data are placed at the Board of Elections, and these requests are then sent to SHARE, where they are processed.

Base cost for the processing is \$50.00 for the computer start-up; additional cost varies depending on the number of records involved or the medium chosen. A wide variety of selection programs is available to enable candidates to obtain precisely the registered voter data desired for their campaign purposes.

How to Order Data:

Data request forms are available from the Board, where assistance with preparing the form is also available. Completed forms should be returned to the Board, along with a certified check or money order made payable to the D.C. Treasurer for the \$50.00 computer access fee. This is only a deposit-total cost of the data depends on the amount ordered and the medium chosen.

The Board will deliver your data request to the SHARE Computer Center. SHARE will call you or your contact person when the data is available —usually within several days.

All data is picked up at:

SHARE Computer Center 222 Massachusetts Ave., NW Washington, DC 20001

The name of the person to contact at D.C. SHARE for technical and other questions appears on the order form. For questions on the process of requesting voter registration data or for more information on the data services that are available, please call the Board of Elections at 727-2525.

Campaign Finance

Termination

Candidates and political committees have a continuing responsibility to file campaign reports until a termination report is filed and approved by the Director. For example, neither withdrawal of candidacy nor an unsuccessful bid for office will relieve registrants of the responsibility to file reports of receipts and expenditures. A termination report can only be filed when the political committee has satisfied all debts and sustains a zero balance.

### How to Find Out If You Are Eligible to Register to Vote in Your State

Each State has its own laws about who may register and vote. Check the information under your State in the State Instructions.

Note: All States require that you be a United States citizen by birth or naturalization to register to vote in federal and State elections. Federal law makes it illegal to falsely claim U.S. citizenship to register to vote in any federal, State, or local election.

Also Note: You cannot be registered to vote in more than one place at a time.

### When to Register to Vote

Each State has its own deadline for registering to vote. Check the deadline for your State on the last page of this booklet.

### How to Fill Out this Application

Use both the Application Instructions and State Instructions to guide you in filling out the application.

First, read the Application Instructions. These instructions will give you important information that applies to everyone using this application.

Next, find your State under the State Instructions. Use these instructions to fill out Boxes 6, 7, and 8. Also refer to these instructions for information about voter eligibility and any oath required for Box 9.

### **How to Submit Your Application**

Mail your application to the address listed under your State in the State Instructions. Or, deliver the application in person to your local voter registration office.

### If You Were Given this Booklet in a State Agency or Public Office

If you have been given this booklet in a State agency or public office, it is your choice to use the application or not.

If you decide to use this application to register to vote, you can fill it out and leave it with the State agency or public office. The application will be submitted for you. Or, you can take it with you to mail to the address listed under your State in the State Instructions. You also may take it with you to deliver in person to your local voter registration office.

Note: The name and location of the State agency or public office where you received the application will remain confidential. It will not appear on your application. Also, if you decide not to use this application to register to vote, that decision will remain confidential. It will not affect the service you receive from the agency or office.

### **Application Instructions**

### Box 1 — Name

Put in this box your full name in this order — Last, First, Middle. Do not use nicknames or initials.

Note: If this application is for a change of name, please tell us in **Box A** (on the bottom half of the form) your full name before you changed it.

### Box 2 — Home Address

Put in this box your home address (legal address). Do **not** put your mailing address here if it is different from your home address. Do **not** use a post office box or rural route without a box number.

Note: If you were registered before but this is the first time you are registering from the address in Box 2, please tell us in **Box B** (on the bottom half of the form) the address where you were registered before. Please give us as much of the address as you can remember.

Also Note: If you live in a rural area but do not have a street address, or if you have no address, please show where you live using the map in **Box C** (at the bottom of the form).

### Box 3 — Mailing Address

If you get your mail at an address that is different from the address in Box 2, put your mailing address in this box.

Note: If you have no address in Box 2, you must write in Box 3 an address where you can be reached by mail.

### Box 4 — Date of Birth

Put in this box your date of birth in this order — Month, Day, Year. Be careful not to use today's date!

### **Box 5 — Telephone Number**

Most States ask for your telephone number in case there are questions about your application. However, you do **not** have to fill in this box.

### Box 6 — ID Number

Many States use an ID number for recordkeeping purposes. To find out what ID number, if any, you need to put in this box, see item 6 in the instructions under your State.

### Box 7 — Choice of Party

In some States, you must register with a party if you want to take part in that party's primary election, caucus, or convention. To find out if your State requires this, see item 7 in the instructions under your State.

If you want to register with a party, print in the box the full name of the party of your choice.

If you do **not** want to register with a party, write "no party" or leave the box blank. Do **not** write in the word "independent" if you mean "no party," because this might be confused with the name of a political party in your State.

*Note:* If you do not register with a party, you can still vote in general elections and nonpartisan (nonparty) primary elections.

### Box 8 — Race or Ethnic Group

A few States ask for your race or ethnic group, in order to administer the Federal Voting Rights Act. To find out if your State asks for this information, see item 8 in the instructions under your State. If so, put in Box 8 the choice that best describes you from the list below:

American Indian or Alaskan Native Asian or Pacific Islander not Native Hawaiian Black, not of Hispanic Origin

- (1) You meet your State's requirements, and
- (2) You understand all of Box 9.

Finally, sign your **full** name or make your mark, and print today's date in this order — Month, Day, Year.

#### **VOTER REGISTRATION DATA REQUESTS AND COSTS**

#### ABOUT THIS SERVICE

This request is received by the Board of Elections and Ethics as a service to the public through the Freedom of Information Act. Each month, the Board of Elections makes a computer tape copy of the voter roll and sends it to the D.C. SHARE Computer Center, where it is kept on file and used to process requests from the public. SHARE uses a number of computer programs which allow you to make selections that target voters based on location, political party, age group, or voting frequency.

You may request voter roll data in the form of printouts, labels, or 9-track tape. Data is not available on floppy disks. The base fee for having data run on the computer is \$50.00. You will be charged for materials (i.e., paper, labels, 9-track tape) depending on the number of records that you request. The tape is programmed in EBCDIC.

#### **HOW THIS SERVICE WORKS**

- 1. The process begins when you bring a certified check, cashier's check, or money order for \$50.00 to the Board of Elections, at 441 4th Street NW, Suite 250. The certified check, cashier's check, or money order must be made payable to: D.C. Treasurer (SHARE). No personal checks or cash will be accepted.
- 2. The Board of Elections will check to ensure that the request is completed correctly and that the data requested is on file. The Board employee must sign the form indicating that the request is received.
- 3. The Board of Elections will deliver your request to SHARE. If you are in a hurry, you may deliver the request form to SHARE, as long as you do so between the hours of 8:00 a.m. and 4:00 p.m. SHARE is located a few blocks from the Board's office.
- 4.SHARE will process your request and call you when the order is completed. At the same time, SHARE will tell you the remainder of the cost. A schedule of costs, which is subject to change, is provided below to assist you in determining total cost. You must pay the balance either by certified Check, cashier's check, or money order.
- 5. You may pick up your order from SHARE (which is located at 222 Mass. Ave., NW) between 8:00 a.m. and 4:00 p.m. The contact persons at SHARE for further information on costs, technical and other questions are:

## INTRODUCTION

This is the first Annual Report of the D.C. Board of Elections and Ethics (Board) and the Office of Campaign Finance (OCF). It has been produced to provide some background information about the Board and OCF and the various activities conducted during Fiscal Year 1999 between October 1, 1998 and September 30, 1999.

The Board's mission is to enfranchise eligible residents, conduct elections, and assure the integrity of the electoral process. This mission, mandated by federal and local statutes, is executed through:

- Operation of the District's voter registration system;
- By administration of the ballot access process for candidates and measures;
- Through delivery of comprehensive public, media, and voter information services;
- ♦ By maintenance of technical systems to support voting, ballot tabulation, and electronic mapping of election district boundaries;
- ♦ Through the planning and implementation of each District of Columbia election; and
- Through the performance of legal counsel, rulemaking, and adjudication functions.

The Board has implemented election systems that have achieved the status of a national model. For example, key electoral reforms pioneered in the nation's capital since 1985 have today become a nationwide mandate, under the landmark *National Voter Registration Act* (NVRA), Public Law 101-31, which became effective January 1, 1995.

OCF is an agency established within the Board. Its mission is to preserve the confidence of the public in the integrity of the District of Columbia government and to ensure trust by administering and enforcing the laws and regulations pertaining to:

- ◆ Campaign finance operations;
- Citizen-service programs;
- Lobbying activities;
- Conflicts of interest; and
- The ethical conduct of public officials.

All of this is accomplished with a dedicated three member Board, which is uncompensated; a small full-time staff; and thousands of District residents who volunteer to serve as the Board's "election day workers" at the polls and in the Counting Center.

We will continue to serve D.C. residents in a professional and caring manner that has become associated with the Board.

## **VOTER REGISTRATION**

During Fiscal Year 1999, the Board received 128,660 documents for review and processing. Of these, 14,272, or 11%, came to the Board by individuals who registered in person at the Board's main office in room 250 of the One Judiciary Square Building at 441 Fourth Street, N.W., or mailed their registration form to the Board. Also, out of the 14,272, 54% were new registrants and 44% were voters changing their address on the voter roll.

The majority of the documents or 112, 287, which comprised 87% of the documents received, came from the Bureau of Motor Vehicles under the "Motor Voter" program. This program permits applicants for District driving licenses and non-driver IDs, to register to vote at the same time through the convenience of a multi-use form. However, 74,502 of the drivers license applicants, or 66% of the forms transmitted to the Board from the Bureau, left the voter registration portion of the form blank. This can be interpreted to mean that the applicant was already a registered voter in the District, had previously applied for a voter registration on one of the Board's forms, or chose to not register to vote in D.C.

Under NVRA, voter registration applications are made available to D.C. residents who are applying for public assistance or services. In addition to the Bureau of Motor Vehicles, other NVRA sources are the D.C. Department of Recreation and Parks Senior Citizens' Branch, D.C. Office on Aging, Income Maintenance Administration, Mental Retardation and Developmental Disabilities Administration, Rehabilitation Services Administration, the Supplemental Program for Women, Infants and Children, and divisions of the armed forces. Of the total 2,101 forms received from these sources, 58% were new registrations and 40% were address changes for individuals already registered to vote.

Congress passed H.R. 6, The Higher Education Amendments of 1998, during Fiscal Year 1999. H.R. 6 amended the NVRA to require electoral jurisdictions to make a good faith effort to distribute mail voter registration forms to each student enrolled in a degree or certificate program. The Board's Registrar of Voters coordinates the distribution of the forms to the District's 21 institutions of higher learning. As the following chart illustrates, the largest source of voter registration transactions comes from the "Motor Voter" program.

Voter roll maintenance is key to achieving an accurate voter roll. Methods used by the Board during Fiscal Year 1999 included the 1999 Biennial Canvass, the United States Postal Service National Change of Address program, information provided from the Office of Vital Statistics, Bureau of Motor Vehicles, the D.C. Superior and United States Courts, the Armed Services, election entities of other jurisdictions, and other electoral jurisdictions. As a result of these sources, there was a "net change" reduction of 19,958 to the D.C. voter roll between October 1, 1998 and September 15, 1999.

The following charts and table illustrate in greater detail the voter registration activity during Fiscal Year 1999.

## **ELECTION CONDUCTED**

The November 3, 1998 General Election was conducted during Fiscal Year 1999. The ballot included candidates for partisan and non-partisan public offices and a ballot measure. While candidates for non-partisan offices appeared on the ballot without a party designation, candidates for partisan offices appeared with their political party affiliation (or independent) next to their names on the ballot. Candidates for partisan offices had their names placed on the ballot in one of the following ways:

- ◆ As a major party candidate, having been nominated either by the Democratic, Republican, D.C. Statehood, or Umoja Party as the winner in the previous Primary Election or
- ♦ By the Direct Access process.

The partisan offices that appeared on the November 3 rd General Election ballot were as follows:

- Delegate to the United States House of Representatives;
- Mayor of the District of Columbia;
- Chairman of the Council of the District of Columbia;
- ◆ Members of the Council of the District of Columbia for Wards One, Three, Five, and Six; and two At-Large; and
- United States Representative.

The non-partisan offices that appeared on the ballot were as follows:

- At-Large Member of the Board of Education (one was elected):
- ◆ Members of the Board of Education for Wards Two, Four, Seven, and Eight; and
- ◆ Advisory Neighborhood Commissioner (one Commissioner for each Single Member District totaling 299 citywide).

The turnout for the November 3 rd General Election was 137,802 or 40.2% of the 353,503 eligible voters at the time of the election. There were 64 candidates processed for partisan offices; 38 for the non-partisan offices for Board of Education; and 425 for the non-partisan offices for the Advisory Neighborhood Commissioners (ANC). There were 274 ANCs elected on November 3 rd, including 114 write-ins. Subsequent to the election there were 25 ANC vacancies that were published in the *D.C. Register*. Also, as required by law, the Board published 46 "Notices of ANC Vacancies" in the *D.C. Register* during Fiscal Year 1999.

The ballot measure for this election was Initiative Measure No. 59, "Legalization of Marijuana for Medical Treatment Initiative of 1998"; however, the Board was prohibited under mandate from Congress to release the vote results of the measure immediately following the vote tabulation.

On October 21, 1998, Congress passed the *District of Columbia Appropriations Act, 1999* which provided that "[n]one of the funds contained in the Act may be used to conduct any ballot initiative which seeks to legalize or otherwise reduce penalties associated with possession, use, or distribution

of any schedule I substance under the Controlled Substances Act (21 U.S.C. 802) or any tetrahydrocannabinols [THC] derivative."

Prior to the congressional mandate, Initiative Measure No. 59 had been made part of the ballot and absentee ballots had already been made available to voters. Therefore, it was impossible as well as financially impracticable for the Board to reprint and issue new ballots without including the text of the measure. While the votes on Initiative Measure No. 59 were counted because it was on the backside of a ballot with another citywide contest, the Board did not tabulate, release or certify the results.

Once the dilemma became apparent, the Board sought immediate relief in court, because the Board recognized that the right to have one's vote counted is a precious constitutional right, which must not be taken lightly. The Board argued that D.C. voters were entitled under the First Amendment to know the election results and have them certified. The Board was gratified that the court affirmed that position. Following the court's decision to authorize the release of the results, the Board tabulated and released the election results on Monday, September 20, 1999.

#### **Election Workers**

During Fiscal Year 1999, the Board recruited and trained 1,312 election day workers for the November 3rd General Election who serviced the Board's 140 polling places and ballot counting center. The Board greatly appreciates the committed support and continued dedication of our election day workers. Without the invaluable assistance of our precinct helpers, the conduct of the elections would be impossible.

In an attempt to prepare for the 2000 elections, the Board launched a drive, which began in the last quarter of Fiscal Year 1999 to recruit new election day workers and retain those already trained and experienced with the process. The drive included a recruitment campaign targeting local businesses, community groups, and non-profit organizations whereby a speakers bureau made up of Board staff encouraged citizens to become election day workers. In this regard, the Board established a community outreach team of 12 volunteer "Ambassadors," who, once trained by the Board's staff represents the Board in the community and assists with recruitment efforts. They recruit workers at community events, speak at group and organization meetings, and distribute election worker applications and voter registr ation forms to District citizens.

To keep our election workers informed on election activity throughout the year, the Board developed *Election Worker News*, a newsletter to communicate election related news to our workers. There have been three editions thus far and judging from the comments the Board has been receiving, it appears the *News* is welcomed and helpful to our volunteers. Also, to acknowledge them the Board has designed and now mails birthday and holiday cards to all of its volunteers.

## **AUTOMATED SYSTEMS**

The Board operates and maintains two major multi-functional computer systems on separate minicomputers. This is in keeping with Federal guidelines to separate voter registration and ballot tabulation hardware.

The voter registration system incorporates all functions necessary to maintain an accurate voter roll, accuracy being a crucial element in the process since it plays the key roll in registration verification for candidates as well as voters. As previously indicated, methods by which the Board achieved this accuracy during Fiscal Year 1999 included the 1999 Biennial Canvass, United States Postal Service National Change of Address program, information provided from the Office of Vital Statistics, Bureau of Motor Vehicles, the D.C. Superior and United States Courts, the Armed Services, and election entities of other jurisdictions.

The Board's voter registration system has been formally modified to accommodate the expanded provisions of NVRA, which includes:

- ◆ The "Motor Voter" program (This aspect of NVRA was already in existence in the District prior to the NVRA Federal legislation);
- Agency-based registration, which simplifies the registration process for those receiving public support in one form or another;
- ◆ An elaborate system of notifications to those voters whose addresses have changed within or outside the District of Columbia; and
- ◆ Safeguards to avoid disenfranchising voters who have not moved, even though indications may have been received from the United States Postal Service that a move had taken place.

The other major system, the ballot tabulation system, involves the use of over 2,000 portable voting booths and the software necessary for ballot tabulation at the Board's central location in the One Judiciary Square Building at 441 Fourth Street, N.W. In the late 1970's, the ballot tabulation system employed by the Board was tested along with a wide variety of such systems. This was done at the request of a private foundation interested in identifying flaws in voting systems, which could result in instances of fraud. As a result, the District's system was rated as one of the highest in terms of reliability, integrity, and security. Subsequent software upgrades and enhancements have retained the systems quality assurance.

Also, during Fiscal Year 1999 the Board ensured that the voter registration and ballot tabulation systems were brought into Y2K compliance to ensure Y2K demands.

The Board's implementation of the "SignaScan" program began during Fiscal Year 1999. The program includes hardware, software, system setup, and automation of the signatures themselves. The "SignaScan" program requires that a digitized or electronically captured signature for each registered voter along with the respective voter's registration number is merged with the voter's related information. This process is ongoing as new voters register to vote and already registered voters update their voter information. The Board anticipates the use of the program for verification of signatures on absentee ballots and any ballot measure petitions that might be received for the upcoming 2000 elections. This project represents a considerable advance in capability and a more

efficient use of staff in what is a very time-consuming, labor-intensive function of signature verification.

As an independent agency under the D.C. Charter, it is the role of the Board to conduct elections in a fair, impartial, and professional manner and report the results. To be successful in its mission, the Board's voter registration and ballot tabulation systems have played and continue to play key roles in the process.

## **PUBLIC INFORMATION SERVICES**

#### Web Site

The Board's Web site at <a href="www.dcboee.org">www.dcboee.org</a> continues to be a successful innovation serving the public seeking election related information. The Web site contains the Board's mail-in voter registration form, absentee ballot request form, an emergency absentee ballot request form, an authorization for the release of a candidate's nominating petition, an election worker application, and a voter registration data request form that can be downloaded and printed out. Most of these forms and other information are also provided in Spanish at the site.

During a cycle of regularly scheduled elections, the Board posts the election guide, election calendars, and lists of candidates at the site. When a special election is called, the Board posts the election calendar, list of candidates or, if applicable, the measure driving the election.

The site also contains an interactive map of the District's polling places, voter registration statistics, information regarding primary and general elections, instructions for voters and about absentee voting, and NVRA. Some of the other information posted on the site includes the initiative, referendum, and recall processes, information for candidates, election results, current and historical lists of D.C.'s elected public officials, information about Advisory Neighborhood Commissions, news releases and public service announcements issued by the Board, and a history of voting in the District of Columbia.

The Board's website has a link to the OCF Web page that includes information regarding campaign finance issues.

There were 48,923 visitors to the site during Fiscal Year 1999 who viewed 238,576 pages — approximately 4.9 pages per visitor. On average, there were 136 visitors per day. As the following table and charts illustrate, most visits to the website occurred during the period leading up to and after the general election.

#### **Public Relations**

The Board's Public Information Officer (PIO) serves as the Board's spokesperson and is responsible for handling press inquiries. During Fiscal Year 1999, the Board's PIO received approximately 1,000 calls from reporters, government officials, and other interested parties seeking information on election results, voter registration statistics, election law, and Board policies. The PIO also produced news releases, media advisories, and public service announcements throughout the fiscal year, which provided information on these topics to the press corps and the general public.

The Board's International Visitors Program, which is ongoing year round, is coordinated by the PIO. For the program, the PIO has prepared a slide presentation and compiled information packets about the election process, which is used and presented to the Board's international visitors. As the coordinator of the program, the Board's PIO has worked closely with foreign embassies located in Washington, D.C., the United States Information Agency, the International Foundation for Electoral Systems, the Meridian International Center, the Institute of International Education, The Asia Foundation, and Delphi International.

When elections are held in the District, the Board is called upon to allow international visitors to tour a polling place to see the voting process as it takes place. During the November 3, 1998 General Election, the Board assisted the United States Information Agency with polling place visits for eight students from Russia, the Embassy of Japan for nine diplomats, and Meridian House International for 16 political party leaders from Australia.

Also, on a larger scale and in conjunction with the International Foundation for Electoral Systems, the Board participated in an ambassadors program during the November 3, 1998 General Election. One hundred and forty five countries participated on that day. As part of the program's activities and in conjunction with the electoral boards in the two surrounding jurisdictions of Maryland and Virginia, the Board received ambassadors at selected polling places and at the Board's office. The countries represented were Albania, Algeria, Andorra, Angola, Antigua and Barbuda, Argentina, Armenia, Austria, Azerbaijan, The Bahamas, Bahrain, Bangladesh, Barbados, Belarus, Belgium, Benin, Bolivia, Bosnia and Herzegovina, Botswana, Brazil, Brunei, Bulgaria, Burkina, Faso, Burundi, Cambodia, Cameroon, Canada, Cape Verde, Central African Republic, Chad, Chile, China, Comoros, Congo, Costa Rica, Côte D'Ivoire, Croatia, Cyprus, Czech Republic, Djibouti, Dominica, Dominican Republic, Ecuador, Egypt, El Salvador, Equatorial Guinea, Eritrea, Ethiopia, Fiji, Finland, France, Gabon, The Gambia, Georgia, Ghana, Greece, Grenada, Guatemala, Guinea, Guinea-Bisseau, Guyana, Haiti, Hungary, Iceland, India, Indonesia, Ireland, Italy, Jamaica, Jordan, Kazakhstan, Kenya, Korea, Kuwait, Kyrgyzstan, Laos, Lebanon, Lesotho, Liberia, Lithuania, Luxembourg, Macedonia, Madagascar, Malawi, Mauritius, Mexico, Micronesia, Moldova, Morocco, Mozambique, Namibia, The Netherlands, New Zealand, Nicaragua, Nigeria, Norway, Oman, Pakistan, Palau, Panama, Papua New Guinea, Paraguay, The Philippines, Poland, Portugal, Qatar, Romania, Russia, Rwanda, St. Kitts and Nevis, St. Vincent and the Grenadines, Saudi Arabia, Senegal, Sierra Leone, Singapore, Slovenia, Solomon Islands, South Africa, Spain, Sri Lanka, Sudan, Suriname, Swaziland, Switzerland, Syria, Tanzania, Thailand, Togo, Trinidad and Tobago, Tunisia, Uganda, Ukraine, United Arab Emirates, United Kingdom, Uruguay, Uzbekistan, Venezuela, Vietnam, Yemen, Zambia, and Zimbabwe.

# 24-Hour Telephone Service

During Fiscal Year 1999, the Board instituted a 24-hour telephone information service. The after hours information line serves as another way the public can access voter information. The message line provides information about the Board's office hours, voter registration qualifications, and where to find a voter registration form. The message informs callers about the Board's Web site address and the availability of the Board's registration form online.

# **Managers Workshop**

On April 10, 1999, the Board's staff participated in a workshop arranged and coordinated by the Board's Executive Director. Thomas Wilkey, Executive Director of the New York State Board of Elections, served as the moderator of the workshop.

As moderator, Mr. Wilkey brought his 30 years of experience in the field of election administration to the workshop session. He has been associated with the Federal Election Commission (FEC) for many years and has served on the FEC's Voting System Standards Committee and the FEC's Clearinghouse Advisory Panel advising the Commission on clearinghouse projects and allocation of funding for election administration projects.

He was an early proponent of the creation of the National Association of State Election Directors (NASED) and was elected President of NASED for 1996-1997. Currently, he is serving as Chairman of NASED's Independent Test Authority Accreditation Board, which reviews and approves laboratories and technical groups for the testing of voting systems under NASED's national accreditation program. An early and active promoter of the NVRA, he has served as Chairman of the NVRA Committee of NASED and as a member of the FEC's Ad Hoc Discussion Group for NVRA.

Mr. Wilkey's experience in facilitating and his excellent leadership skills allowed the Board's staff to review the processes necessary to conduct elections. He stressed the importance of pre-planning and timely execution of tasks for continuity for the successful conduct of elections that are fair and impartial. Linda Lamone, Administrator of the Administrative Board of Election Laws in Maryland, and Penelope Bonsall, Director of the FEC's Office of Election Administration, also participated.

# **Tri-State Meeting**

A tri-state meeting consisting of the District of Columbia, Maryland, and Virginia was held on June 23, 1999, in order for the Board's staff to gather new information and knowledge from their counterparts serving in the same position in the neighboring jurisdictions. The meeting was held in the Board's office in the One Judiciary Square building. The OCF staff also participated, as did their counterparts in Maryland and Virginia.

Among the topics covered in the meeting were voter registration and voter roll maintenance, polling place issues, election planning and financing, training election day workers, and campaign finance matters such as filings by candidates and lobbyists. At the conclusion of the meeting, participants from all three jurisdictions agreed that it was helpful to share information and all gained new ways to approach their work.

# **GENERAL COUNSEL**

The General Counsel serves as the Board's chief legal officer representing the Board in all civil actions in the courts of the District of Columbia. During Fiscal Year 1999, the Office of the General Counsel litigated eleven court cases and issued five administrative orders. A synopsis of the cases and administrative orders follows.

#### **Court Cases**

#### Ronald Jackson v. D.C. Board of Elections and Ethics

A complaint was filed with the D.C. Superior Court for injunctive and declaratory relief enjoining the Board from conducting further elections and challenging the taxation of District of Columbia residents without voting Congressional representation. The Board filed a Motion to Dismiss and it was granted.

#### Stephen Michael v. D.C. Board of Elections and Ethics

Petition for Writ of Mandamus and Complaint for Injunctive and Declaratory Relief. The petitioner appealed the Board's rejection of Initiative Measure No. 57, the "Legalization of Marijuana for Medical Purposes", as numerically insufficient of the required number of voter signatures for ballot access. It was dismissed pursuant to a joint stipulation.

# D.C. Democratic State Committee v. D.C. Government and D.C. Board of Elections and Ethics

A challenge to the constitutionality of the District of Columbia voting scheme which dictates that no more than two persons from the same party can be elected to the four public offices of At-Large Members of the Council of the District of Columbia. The Office of the Corporation Counsel filed a motion to dismiss on behalf of the District of Columbia Government and the Board. The motion was granted.

#### Sandra Seegars v. D.C. Board of Elections and Ethics

#### Wayne Turner et al. v. D.C. Board of Elections and Ethics

A complaint was filed seeking a declaration that the Barr Amendment prohibiting expenditure of federal funds to conduct a ballot initiative in the District of Columbia to permit the medical use of marijuana violates the First Amendment of the Constitution and for injunctive relief requiring the D.C. Board of Elections and Ethics to certify the initiative results. The Court ordered that a copy of the complaint be furnished to the United States Attorney, who later intervened, because the suit drew into question the constitutionality of an Act of Congress. The federal trial court ruled that the Barr Amendment did not preclude the Board from counting, announcing, or certifying the results of Initiative Measure No. 59, "Legalization of Marijuana for Medical Treatment Initiative of 1998", and ruled that the D.C. Board of Elections and Ethics was free to do so.

#### United States v. Renee Emry

A defendant in a criminal proceeding for possession of marijuana served the D.C. Board of Elections and Ethics with a criminal subpoena requesting the results of Initiative Measure No. 59, "Legalization of Marijuana for Medical Treatment Initiative of 1998". The D.C. Superior Court granted the D.C. Board of Elections and Ethics' Motion to Quash Subpoena.

#### Gregory B. Scoma v. D.C. Board of Elections and Ethics

The matter was dismissed.

#### Administrative Order 99-005

The citizen alleged that the Commissioner exceeded the scope of her authority by participating in an Advisory Neighborhood Commission vote in her single member district for the reimbursement of an alleged personal debt. The matter was dismissed.

# **CAMPAIGN FINANCE**

The primary outputs of the Office of Campaign Finance (OCF) are accomplished through three major divisions, which operate under the direction of the Office of the Director (OD). The Public Information and Records Management Division processes documents required by law to be filed with the agency. The Reports Analysis and Audit Division (RAAD) conducts desk and field audits and develops and disseminates statistical reports and summaries compiled from the financial reports of required filing entities. The Office of the General Counsel (OGC) conducts investigations and hearings of alleged violations of the D.C. Campaign Finance Act (Act) and drafts proposed legislation and regulations. The Office of the Director plans, directs and coordinates the administrative operations of the Board of Elections and Ethics pertaining to the campaign finance laws of the District of Columbia. In addition, the OD issues interpretative opinions concerning applications of the Act and its implementing regulations to factual situations.

# **Interpretative Opinions**

During Fiscal Year 1999, OCF issued 17 interpretative opinions to qualified requestors. The subject matter of these requests ranged from conflict of interest, clarification of bank account title, propriety of a Councilmember's participation in a fundraiser, limitations on sources of contributions, restrictions on solicitation of funds, limitations on honoraria and outside income, financial restrictions on the establishment of a citizen-service program, and the requirements for establishing a bank account for a citizen-service program. Forty-one percent (41%) of opinion requests in Fiscal Year 1999 concerned the application of the District of Columbia's conflict of interest statute, which governs the ethical conduct of elected and public officials.

OCF regulations at 3 D.C.M.R. §3302 establish that any person subject to the Act may request a written opinion concerning the Act and/or regulations promulgated to implement the Act. Each request should be addressed to the Director and include specific or general information about the transaction or activity of concern, as well as any supporting documentation. The Director is required, by regulation, to respond to each request within 30 days of receipt.

Interpretative Opinions may be reviewed in person at OCF's public office located in the Reeves Municipal Building at 2000 Fourteenth Street, N.W., Suite 433, Washington, D.C.

## **Investigations**

The OGC within OCF is responsible for conducting investigations of alleged violations of the Act. During Fiscal Year 1999, the OGC conducted and completed nine investigations and an internal inquiry on internally generated complaints and complaints filed by members of the public. A synopsis of OCF investigations follows.

#### Preliminary Investigation #1999-101

On February 1, 1999, OCF initiated an internally generated preliminary investigation in the matter of a former treasurer of an Advisory Neighborhood Commission (ANC). OCF alleged that the treasurer used ANC funds to pay members of her household for ANC related duties, in violation of the conflict of interest statute. As a result of a concurrent investigation by the U.S. Attorney's Office, OCF incorporated its issues for disposition with those of the U.S. Attorney's Office. On March 8, 2000, an Order of the Director was issued to dismiss the matter.

#### Preliminary Investigation #1999-102(a)

On February 1, 1999, OCF initiated an internally generated preliminary investigation in the matter of an Advisory Neighborhood Commissioner. The issues presented were: (1) whether the Commissioner misused his ANC office to obtain financial gain when he accepted checks allegedly for personal purposes from the Advisory Neighborhood Commission Treasurer in December 1995 and 1996 in the amounts of \$100 each; and (2) whether the Commissioner received \$100 in December 1995 and 1996 from a law firm and an employee of the firm based on an understanding that he would support the law firm and the employee on certain issues, or where it could be reasonably inferred that the monies received would influence him in the discharge of his official duties. On August 5, 1999, an Order of the Director was issued to dismiss the action with regard to the 1996 matter and to a dmonish the respondent concerning the 1995 matter.

On August 5, 1999, an Order of the Director was issued to dismiss the matter with regard to the December 1996 matter and to admonish the respondent co neeming the 1995 matter.

#### Preliminary Investigation #1999-102(d)

On February 1, 1999, OCF initiated an internally generated preliminary investigation in the matter of an Advisory Neighborhood Commissioner. The issues presented were: (1) whether the Commissioner misused his ANC office to obtain financial gain when he accepted checks allegedly for personal purposes from the Advisory Neighborhood Commission treasurer in December 1995 and 1996 in the amounts of \$100 each; and (2) whether the Commissioner received \$100 in December 1995 and 1996 from a law firm and an employee of the firm based on an understanding that he would support the law firm and the employee on certain issues, or where it could be reasonably inferred that the monies received would influence him in the discharge of his official duties. On August 5, 1999, an Order of the Director was issued to dismiss both matters. However, the respondent was "strongly a dvised" to adhere to the provisions of the conflict of interest statute.

#### Preliminary Investigation #1999-102(e)

On February 1, 1999, OCF initiated an internally generated preliminary investigation in the matter of an Advisory Neighborhood Commissioner. The issues presented were: (1) whether the Commissioner misused his ANC office to obtain financial gain when he accepted checks allegedly for personal purposes from the Advisory Neighborhood Commission treasurer in December 1995 and 1996 in the amounts of \$100 each; and (2) whether the Commissioner received \$100 in December 1995 and 1996 from a law firm and an employee of the firm based on an understanding that he would support the law firm and the employee on certain issues, or where it could be reasonably inferred that the monies received would influence him in the discharge of his official duties. On August 5, 1999, an Order of the Director was issued to impose a fine of \$100 against the Commissioner for violation of D.C. Code §1-1461(b).

#### Preliminary Investigation #1999-103

On February 1, 1999, OCF initiated a preliminary investigation as the result of a complaint filed by a citizen against an Advisory Neighborhood Commissioner. The issues presented were: (1) whether the Commissioner incurred a personal debt of \$600 when she personally commissioned a traffic study for presentation to the District of Columbia Zoning Commission; (2) whether the Commissioner used her official position as an Advisory Neighborhood Commissioner to obtain financial gain for herself when she allegedly requested reimbursement of \$600 from the Advisory Neighborhood Commission for a traffic study; and (3) whether the Commissioner should have recused herself from the ANC vote on the matter of reimbursement for the traffic study. On May 12, 1999, an Order of the Director was issued to dismiss the matter. On May 16, 1999, the citizen appealed the decision to the Board. On March 24, 1999, a hearing de novo was held by the Board. On September 9, 1999, an Order of the Board was issued to dismiss the matter, thereby affirming the Director's Order.

#### Preliminary Investigation #1999-104

On July 13, 1999, OCF initiated a preliminary investigation as the result of a complaint filed by a Member of the District of Columbia Board of Education against the President of the District of Columbia Board of Education. The issue presented was whether the Board President engaged in

activity not compatible with the full and proper discharge of her duties and responsibilities as a government employee when she allegedly used Board of Education staff and resources, during Board of Education business hours, for personal purposes. An Order of the Director issued on November 26, 1999, which reprimanded the Board President and admonished her to avoid such conduct in the future.

### Preliminary Investigation # 1999-105

On July 13, 1999, OCF initiated a preliminary investigation as the result of a complaint filed by a citizen against then Chairperson of the D.C. Zoning Commission (Commission). The issue presented is whether the Chairperson influenced other members of the Commission to hire her as the Director of the Office of Zoning. It was alleged that the Chairperson resigned her position as Chair of the Commission with the understanding that she would be hired as the Director in violation of the conflict of interest statute. On November 3, 1999, an Order of the Director was issued to dismiss the matter.

#### Internal Inquiry In the Matter of an Elected Official

On May 19, 1999, OCF initiated an Internal Inquiry as the result of the agency's review of the "Financial Disclosure Statement" filed by an elected official on May 4, 1999 for calendar year 1998. The issue presented was whether the elected official failed to timely modify his "Financial Disclosure Statement" dated July 17, 1998, which disclosed a financial interest in 1998 when he was a candidate for public office, to reflect income received from two private companies. On June 23, 1999, an Order of the Director issued to impose a fine of \$1,000 for violation of D.C. Code \$1-1462(a), which required the modification of the official's "Financial Disclosure Statement" within 30 days of receipt of income received from the two sources.

## Financial Reports

During Fiscal year 1999, OCF's Reports Analysis and Audit Division conducted 1,015 desk reviews of Reports of Receipts and Expenditures filed with the agency. These reviews ensured that the public record provided a full and accurate portrayal of campaign finance activity. The Request for Additional Information Program was initiated to facilitate compliance where reports contained errors or suggested violations of the law.

# **Special Projects**

Of significance during Fiscal Year 1999, the OCF initiated and completed several projects designed to increase the public's understanding of and compliance with the campaign finance laws of the District of Columbia, and to provide better access to campaign finance information. First, OCF aggressively pursued the termination of committees having little or no activity. These committees had either longstanding reporting of debts and obligations, with no reportable surplus, or a history of long-term failures to file, which render them unable to conduct business in the District of Columbia, pursuant to the *Campaign Finance Act*. As a result, 44 principal campaign committees

and 30 political action committees were identified as appropriate for administrative closure. All of the principal campaign committees identified were either administratively placed in an inactive status, or terminated upon the filing of a final report of receipts and expenditures. This initiative allowed the RAAD to focus its resources on active on-going committees.

In February 1999, in furtherance of OCF's objective to promote compliance with the campaign finance law through educational outreach, the agency enhanced its Web page at the Board's Web site. OCF forms, associated with each of the major programs administered by OCF, were made available to the public via the Internet. Thus, filers were provided with easier access to forms by simply downloading them.

On April 22, 1999, OCF commenced informal training seminars for public officials required to file Financial Disclosure Statements. These seminars were conducted on every Thursday thereafter until May 13, 1999.

To increase the efficiency and effectiveness of the OCF compliance program, upgrades to and restructure of the OCF Information Technology System (system) were completed in February of 1999. Testing of the system continued through December of 1999. The technological upgrades will enable OCF to provide greater public access to information required to be disclosed by statute. The system consists of the OCF information database and applications designed to input, track, and monitor data and to generate customized reports. As a result, campaign finance data can be easily searched and sorted to retrieve information across periods of time through query screens concerning non-filers, contributions, and expenditures. The Pre-Notification and Failure-to-File Programs for all reporting entities are now entirely automated.

Finally, OCF continued to make full disclosure of campaign finance data to both the regulated community and the general public by providing public access to financial reports within the statutorily mandated timeframe of 48 hours of receipt. This was accomplished via OCF's imaging system, the photocopy of reports, and microfiche. Final orders issued in investigative matters, interpretative opinions, and notices of proposed rulemaking were also available for public inspection.

# D.C. MUNICIPAL REGULATIONS

Title 3 of the District of Columbia Municipal Regulations (3 DCMR) is the official code of the permanent rules and statements of general applicability and legal effect promulgated by the Board. From time to time, 3 DCMR has to be amended to bring the Board's regulations into compliance with the D.C. Code. A synopsis of the amendments made to 3 DCMR during Fiscal Year 1999 follows.

#### Chapter 1, "Organization of the Board of Elections and Ethics"

An amendment to Chapter 1 provided that the regular meetings of the Board will be held at a time determined by the Board.

#### Chapter 10, "Initiative and Referendum"

An amendment to Chapter 10 eliminated the requirements that initiative and referendum petition circulators be registered qualified electors of the District of Columbia. These amendments brought the Board's regulations into compliance with the United States Supreme Court decision in <u>Buckley v. American Constitutional Law Foundation, Inc.</u> as well as with the policy adopted by the Board.

Chapter 13, "Filling Vacant Seats on Advisory Neighborhood Commissions"; Chapter 14, "Candidates: Political Party Primaries for Presidential Preference and Convention Delegates"; Chapter 15, "Candidates: Electors of President and Vice President"; Chapter 16, "Candidates: Delegate United States House of Representatives, Mayor, Chairman and Members of the Council of the District of Columbia, United States Senator, United States Representatives, Members of the Board of Education, and Advisory Neighborhood Commissioners"; and Chapter 17, "Candidates: Members and Officials of Local Committees of Political Parties and National Committee Persons"

The amendments to Chapters 13, 14, 15, 16, and 17 changes the candidate petition challenge process by precluding individuals from filing challenges which do not, on their face, allege defects in a petition which, if valid, would render a prospective candidate ineligible. Emphasizing judicial review of Board determinations with respect to validity of challenged candidate petitions.

#### Chapter 20, "Freedom of Information"

The Board adopted Chapter 20, "Freedom of Information", to establish and clarify the procedures for the request of records under the Fre edom of Information Act.

# LEGISLATIVE MEASURES

The staff of the Board and OCF provided testimony on the following legislation before the Council of the District of Columbia during Fiscal Year 1999.

#### Bill 13-82, "Petition Circulation Requirements Amendment Act of 1999"

The purpose of Bill 13-82 was to bring the District's election law in conformance with the United States Supreme Court decision concerning circulation requirements on initiative petitions. In Buckley v. The American Constitutional Law Foundation, the United States Supreme Court in a 6-3 decision declared it unconstitutional to require circulators of initiative petitions to be registered voters of the District of Columbia.

#### Bill 13-154, "Campaign Finance Reform Amendment Act of 1999"

The purpose of Bill 13-154 was to authorize the Director of OCF to require any person required under the *Campaign Finance Act* to file the reports through electronic format and for the Board to issue regulations governing submission of the reports. Further, Bill 13-154 requires the Director of OCF to develop and furnish the necessary forms.

#### Bill 13-142, "Elections Amendment Act of 1999"

The purpose of Bill 13-142 was to expand from two to five the number of parties that can elect candidates for presidential preference electors in the District's May presidential preference primaries. In addition to the Democratic and Republican parties, Bill 13-142 would allow three other parties to elect candidates for presidential preference electors. Those parties are the D.C. Statehood Party, the Umoja Party, and the Green Party, which qualified to hold a primary election in the November 3, 1998 General Election.

#### Bill 13-146, "Board of Elections and Ethics Subpoena Authority Act of 1999"

The purpose of Bill 13-146 was to give the Board authority to require, by subpoena, the attendance and testimony of witnesses at Board hearings and the production of documentary evidence relative to the execution of the Board's duties.

# **BUDGET**

The Board's Fiscal Year 1999 Budget funding level was \$ 2,799,000 which provided the necessary resources to support the Board's core staff, approximately 1200 election day workers, and support staff. The Board's budget provided funding to effectively conduct the November 3, 1998 General Election for Delegate to the United States House of Representatives; Mayor; Members of the Council for Chairman, two At-Large, and Wards 1, 3, 5, and 6; United States Representative; Members of the Board of Education for one At-Large and Wards 2, 4, 7, and 8; and 299 Advisory Neighborhood Commissioners. This budget included funding for the Board's acquisition of the National Death Registry available through the Social Security Administration for updating the voter roll. The information in the registry is used in addition to the information received from the D.C. Bureau of Vital Statistics.

The Fiscal Year 1999 funding level for OCF was \$813,000 which provided funding for 15 full time positions. The OCF budget provided funding for monitoring the campaign activities of candidates who participated in the November 3 rd General Election for the offices listed above. In addition to monitoring the campaign finance operations of candidates and political committees participating in the November 1998 General Election, OCF also monitored lobbying activity in the District of Columbia and the financial disclosure of public officials consistent with OCF's ongoing statutory responsibilities.
